

# Who We Are

Choice Properties is a leading Real Estate Investment Trust that creates enduring value through *places* where *people thrive*. We are more than a national owner, operator and developer of high-quality commercial and residential real estate. We believe in creating spaces that enhance how our tenants and communities come together to live, work, and connect. This includes our industry leadership in integrating environmental, social and economic sustainability practices into all aspects of our business. In everything we do, we are guided by a shared set of values grounded in Care, Ownership, Respect and Excellence.

## Our Purpose-Driven Strategy

Our financial goals are centered on capital preservation, generating stable and growing cash flows, and delivering appreciation in net asset value and distributions over time. We have a proven strategy and an unmatched foundation that supports these goals. We are focused on:

### Maintaining our Market-Leading Portfolio

A high-quality national footprint within local markets, underpinned by a strategic partnership with Loblaw<sup>1</sup>, Canada's largest retailer.

### Sustaining Operational Excellence

A track record of operational excellence and ESG leadership delivered by an experienced, engaged, and diverse team.

### Delivering on our Development Pipeline

Projects that diversify our tenant base while delivering steady growth for the near and long term – backed by our industry-leading balance sheet.

# Second Quarter Financial Highlights<sup>i</sup>

During the three months ended June 30, 2025

## Operating

- **Reported a net loss for the quarter of \$154.2 million**, compared to net income of \$513.2 million in the same prior year period. The loss in the current quarter is primarily due to an unfavourable fair value adjustment to the Trust's Exchangeable Units<sup>ii</sup>.
- **Reported FFO<sup>(i)</sup> per unit diluted for the quarter of \$0.265**, increased by 3.9% compared to \$0.255 in the same prior year period.
- **AFFO<sup>(i)</sup> per unit diluted for the quarter was \$0.231**, compared to \$0.244 in the same prior year period. The decrease in AFFO<sup>(i)</sup> is primarily due to the earlier commencement of maintenance capital projects in the current year.
- **Same-Asset NOI on a cash basis<sup>(i)</sup> increased by 1.4%** over the same prior year period. Excluding bad debt expense, Same-Asset NOI on a cash basis<sup>(i)</sup> increased by 2.0%.
- **Retail, Industrial, and Mixed-Use & Residential Same-Asset NOI on a cash basis<sup>(i)</sup> increased by 1.7%, 0.2%, and 1.6%, respectively.** Industrial Same-Asset NOI growth was impacted by a bad debt provision reversal in the prior year. Excluding bad debt expense, Industrial Same-Asset NOI on a cash basis<sup>(i)</sup> increased by 4.2%.
- **Period end occupancy remained strong at 97.8%**, with Retail at 97.8%, Industrial at 98.0%, and Mixed-Use & Residential at 95.4%<sup>iii</sup>.
- **Net fair value gain on investment properties in the quarter was \$91.0 million** on a proportionate share basis<sup>(i)</sup>, reflecting changes in leasing assumptions, including the 2026 Loblaw renewals, and adjustments to discount and capitalization rates in the retail portfolio.
- **Subsequent to quarter end, Choice Properties and Loblaw renewed 39 of a tranche of 41 leases expiring in 2026**, comprising 2.52 million of 2.62 million square feet, at a weighted average spread of 8.6% and a weighted average extension term of 5.0 years.

## Financing

- **Extended the maturity date of the \$1.5 billion credit facility**, from June 13, 2029 to May 21, 2030.
- **Ended the quarter with Adjusted Debt to EBITDAFV<sup>(i)</sup> of 7.2x**, Adjusted Debt to Total Assets<sup>(i)</sup> at 40.8%, and Interest Coverage ratio<sup>(i)</sup> of 3.3x.
- **Maintained a strong liquidity position with \$1.3 billion of available credit** and a \$13.5 billion pool of unencumbered properties.

## Investing

- **The Trust completed \$427.1 million of transactions in the quarter:**
  - Acquired an industrial distribution centre in Ajax, ON from Loblaw for \$182.9 million. Concurrent with the transaction, the property was leased back to Loblaw.
  - Acquired eight industrial outdoor storage sites located across Canada for \$162.0 million.
  - Disposed of nine industrial assets located in Calgary, AB for proceeds of \$73.4 million.
  - Acquired a mixed-use parcel in Toronto, ON for \$6.0 million and disposed of a retail property in Halifax, NS for \$2.8 million.
- **The Trust invested \$34.2 million in its development program** during the quarter on a proportionate share basis<sup>(i)</sup>.
- **The Trust transferred \$13.9 million of properties under development to income producing status**, delivering approximately 30,900 square feet of new commercial GLA (including 6,900 square feet associated with ground leases) through retail intensifications on a proportionate share basis<sup>(i)</sup>.

<sup>i</sup> Refer to the Notes for Readers located on page 9 of this MD&A for definitions of capitalized terms

<sup>ii</sup> Exchangeable Units are required to be classified as financial liabilities at fair value through profit and loss under GAAP. They are recorded at their fair value based on the market trading price of the Trust Units, which results in a negative impact to the financial results when the Trust's unit price rises and a positive impact when the Trust unit price declines

<sup>iii</sup> Occupancy represents retail and office portion of mixed-use properties; residential units are excluded

### 3 Strategic Asset Classes

## High-quality national footprint where Canadians live and work

Our unparalleled portfolio represents a combination of necessity-based, well-located retail properties supported by strong anchor tenants; high-quality and high demand “generic” industrial assets in key distribution markets; and transit-oriented mixed-use and residential rental assets concentrated in the most attractive Canadian markets.

### A Hub of Innovation and Opportunity

**Choice Caledon Business Park**  
5762 Mayfield Road  
Caledon, Ontario

**Development type: Industrial**  
**Property GLA: 6,000,000 sq. ft.**  
**Ownership: 85%**

Choice Caledon Business Park is one of our landmark industrial developments. In 2024, Choice Properties, with its partner Rice Group, proudly broke ground on a state-of-the-art 624,000 sq. ft. distribution and fulfillment facility for National Logistics Services. The facility integrates cutting-edge robotics and energy-efficient systems, reflecting a commitment to operational excellence and environmental responsibility.

The new fulfillment centre is set to create over 300 jobs, bolstering the local economy and fostering meaningful opportunities for Caledon area residents. This partnership underscores Choice Properties' commitment to strengthening communities.

# Environmental, Social and Governance

## Bringing tenants and communities together

Choice Properties' commitment to building social, economic, and environmental sustainability is one of the most important ways that we bring our purpose to life. Our ESG strategy is embedded across all aspects of our business, including development, construction, and operations.

### Industrial Excellence and Sustainability

**Choice Industrial Centre**  
18899 24th Avenue  
Surrey, British Columbia

**Asset class type: Industrial**  
**Property GLA: 353,500 sq. ft.**

Choice Industrial Centre is our first industrial development in Campbell Heights, offering a first-class industrial distribution facility featuring unprecedented 40' clear ceiling height in the hub of the Fraser Valley. The development achieved LEED Gold Certification, which included sustainability measures to reduce energy demand, greenhouse gas emissions, and demand for outdoor and indoor water use. The building design includes improved building envelope and a packaged heat pump system with back-up gas instead of a typical gas-fired make-up air unit.

### Omnibus Agreement with Loblaw

Amended 280+ leases in collaboration with Loblaw to implement energy and water savings measures

# Notes for Readers

Please refer to the Choice Properties Real Estate Investment Trust (“Choice Properties” or the “Trust”) unaudited interim period condensed consolidated financial statements for the three and six months ended June 30, 2025 and accompanying notes (“Q2 2025 Financial Statements”) when reading this Management’s Discussion and Analysis (“MD&A”) as well as the Trust’s Audited Financial Statements and MD&A for the year ended December 31, 2024. In addition, this MD&A should be read in conjunction with the Trust’s “Forward-Looking Statements” as listed below. Choice Properties’ Q2 2025 Financial Statements have been prepared in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board (“IFRS Accounting Standards” or “GAAP”) and were authorized for issuance by the Board of Trustees (“Board”).

In addition to using performance measures determined in accordance with IFRS Accounting Standards, Choice Properties’ management also measures performance using certain additional non-GAAP measures and provides these measures in this MD&A so that investors may do the same. Such measures do not have any standardized definitions prescribed under GAAP and are, therefore, unlikely to be comparable to similar measures presented by other real estate investment trusts or enterprises. Please refer to Section 14, “Non-GAAP Financial Measures”, for a list of defined non-GAAP financial measures and reconciliations thereof.

This second quarter report, including this MD&A, contains forward-looking statements about Choice Properties’ objectives, outlook, plans, goals, aspirations, strategies, financial condition, results of operations, cash flows, performance, prospects, opportunities, and legal and regulatory matters. Specific statements with respect to anticipated future results and events can be found in various sections of this MD&A, including but not limited to Section 3, “Investment Properties”, Section 5, “Results of Operations”, Section 6, “Leasing Activity”, Section 7, “Results of Operations – Segment Information”, Section 12, “Environmental, Social and Governance (“ESG”)”, and Section 13, “Outlook”. Forward-looking statements are typically identified by words such as “expect”, “anticipate”, “believe”, “foresee”, “could”, “estimate”, “goal”, “intend”, “plan”, “seek”, “strive”, “will”, “may”, “should”, “aspire”, “pledge”, “aim”, and similar expressions, as they relate to Choice Properties and its management.

Forward-looking statements reflect Choice Properties’ current estimates, beliefs and assumptions, which are based on management’s perception of historic trends, current conditions, outlook, and expected future developments, as well as other factors it believes are appropriate in the circumstances.

Choice Properties’ expectation of operating and financial performance is based on certain assumptions, including assumptions about the Trust’s future growth potential, prospects and opportunities, industry trends, future levels of indebtedness, tax laws, economic conditions and competition. Management’s estimates, beliefs and assumptions are inherently subject to significant business, economic, competitive and

other uncertainties and contingencies regarding future events and as such, are subject to change. Choice Properties can give no assurance that such estimates, beliefs and assumptions will prove to be correct.

Numerous risks and uncertainties could cause the Trust’s actual results to differ materially from those expressed, implied or projected in the forward-looking statements, including those described in Section 11, “Enterprise Risks and Risk Management” of this MD&A and the Trust’s Annual Information Form (“AIF”) for the year ended December 31, 2024. Selected highlights of such risks and uncertainties include:

- changes in economic conditions, including changes in interest rates and inflation rates, tariffs, and supply chain constraints;
- failure by Choice Properties to realize the anticipated benefits associated with its strategic priorities and major initiatives, including failure to develop quality assets and effectively manage development, redevelopment, and renovation initiatives and the timelines and costs related to such initiatives;
- failure to adapt to environmental and social risks, including failure to execute against the Trust’s environmental and social equity initiatives, and in the context of the Trust’s environmental, social and governance disclosures, additional factors such as the availability, accessibility and sustainability of comprehensive and high-quality data, and the development of applicable national and international laws, policies and regulations;
- the inability of Choice Properties’ information technology infrastructure to support the requirements of Choice Properties’ business, failure by Choice Properties to identify and respond to business disruptions, or the occurrence of any internal or external security breaches, denial of service attacks, viruses, worms or other known or unknown cyber security or data breaches;
- failure by Choice Properties to anticipate, identify and react to demographic changes, including shifting consumer preferences toward digital commerce, which may result in a decrease in demand for physical space by retail tenants;
- failure by Choice Properties to manage effectively and efficiently its property and leasing management processes; and
- the inability of Choice Properties to make acquisitions and dispositions of properties in accordance with its near and long-term strategies.

This is not an exhaustive list of the factors that may affect Choice Properties’ forward-looking statements. Other risks and uncertainties not presently known to Choice Properties could also cause actual results or events to differ materially from those expressed in its forward-looking statements.

Choice Properties’ financial results are impacted by adjustments to the fair value of the Class B LP units of Choice Properties Limited Partnership (the “Exchangeable Units”), unit-based compensation, the exchangeable Class B limited partnership units of Allied Properties Exchangeable Limited Partnership (“Class B Units”), a subsidiary of Allied Properties Real Estate Investment Trust (“Allied”) and investment properties. Exchangeable Units and unit-based compensation liabilities are recorded at their fair value based on the market trading price of the Trust Units, which results in a negative impact to the financial results when the Trust Unit price rises and a positive impact when the Trust Unit price declines. The publicly traded units of Allied (“Allied Units”) are recorded at fair value based on market trading prices of the publicly traded units of Allied. Investment properties are recorded at fair value based on valuations performed by the Trust’s internal valuations team. These adjustments to fair value impact certain of the GAAP reported figures of the Trust, including net income.

Additional risks and uncertainties are discussed in Choice Properties’ materials filed with the Canadian securities regulatory authorities from time to time, including without limitation, the Trust’s AIF for the year ended December 31, 2024. Readers are cautioned not to place undue reliance on these forward-looking statements, which reflect Choice Properties’ expectations only as of the date of this MD&A. Except as required by applicable law, Choice Properties does not undertake to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Choice Properties is an unincorporated, open ended mutual fund trust governed by the laws of the Province of Ontario and established pursuant to an amended and restated declaration of trust dated April 30, 2021, as may be amended, supplemented or restated from time to time (the “Declaration of Trust”). Choice Properties’ Trust Units (“Trust Units” or “Units”) are listed on the Toronto Stock Exchange (“TSX”) and are traded under the symbol “CHP.UN”.

George Weston Limited (“GWL”) is the controlling unitholder of the Trust and the controlling shareholder of Loblaw Companies Limited (“Loblaw”), the Trust’s largest tenant. As of June 30, 2025, GWL held a 61.7% effective interest in Choice Properties. Choice Properties’ ultimate parent is Wittington Investments, Limited (“Wittington”), the controlling shareholder of GWL.

Additional information about Choice Properties has been filed electronically with the Canadian securities regulatory authorities through the System for Electronic Document Analysis and Retrieval (“SEDAR+”) and is available online at [www.sedarplus.ca](http://www.sedarplus.ca).

The information in this MD&A is current to July 17, 2025, unless otherwise noted.

All amounts in this MD&A are reported in thousands of Canadian dollars, except where otherwise noted.

## 1. KEY PERFORMANCE INDICATORS AND SELECTED FINANCIAL INFORMATION

Choice Properties has identified key financial and operating performance indicators that were derived from, and should be read in conjunction with, the unaudited interim period condensed consolidated financial statements of the Trust for the three and six months ended June 30, 2025 and 2024. The analysis of the indicators focuses on trends and significant events affecting the financial condition and results of operations of the Trust.

\* Denotes a key performance indicator

(i) Includes 3,067,000 sq. ft. that represents the building area on properties where the Trust has leased the underlying sites to the tenants through ground leases (June 30, 2024 - 1,865,000 sq. ft.).

(ii) GLA includes 0.7 million sq. ft. associated with Choice Properties' 923 residential units.

(iii) Includes Trust Units and Exchangeable Units.

(iv) Debt ratios exclude Exchangeable Units, see Section 4, "Liquidity and Capital Resources". The ratios are non-GAAP financial measures calculated based on the Trust Indentures, as supplemented.

(v) Adjusted debt to EBITDAFV, net of cash<sup>(1)</sup> was 7.1x as at June 30, 2025 and 6.9x as at June 30, 2024.

(vi) Indebtedness reflects only senior unsecured debentures, fixed rate mortgages, and fixed rate construction loans.

**Balance Sheet Analysis (GAAP Basis)**

| <b>Line Item</b>  | <b>\$ Change</b> | <b>Variance Commentary</b>   |
|---|------------------|--|
| Investment properties \$<br>and assets held for<br>sale | 454,045          | The increase was primarily due to acquisitions of \$378.5 million, a favourable fair value adjustment on investment properties of \$123.4 million, and capital and leasing expenditures of \$65.2 million. The increase was partially offset by dispositions of \$76.3 million.                |
| Equity accounted<br>joint ventures                      | (1,536)          | The decrease was primarily due to net distributions received from joint ventures including the proceeds from recent net dispositions, partially offset by income earned from equity accounted joint ventures.  |
| Mortgages, loans and<br>notes receivable                | (287,286)        | The decrease was primarily due to the repayment of GWL's prior year outstanding notes receivable balance of \$299.8 million and net mortgages and loans receivable repayments of \$138.9 million, partially offset by \$151.4 million of notes receivable advanced to GWL in the current year. |
| Investment in real<br>estate securities                 | 119              | The increase was due to a fair value gain of \$0.1 million in the period resulting from the increase in the price of Allied's publicly traded units.   |
| Working capital, cash<br>and cash<br>equivalents        | 190,138          | The net increase was primarily due to the reduction in the Exchangeable Units distribution payable to GWL upon settlement against prior year's notes receivable balance, partially offset by the distributions deferred in the current year.   |
| Long term debt and<br>Credit Facility                   | 132,933          | The increase was primarily due to the issuance of the \$300.0 million Series V senior unsecured debentures and the draw of \$200.0 million on the Trust's credit facility, partially offset by the repayment of the \$350.0 million Series J senior unsecured debentures.                      |
| Exchangeable Units                                      | 601,596          | As this liability is measured at fair value, the change was due to the increase in the Trust's unit price since December 31, 2024.   |
| Unitholders' equity                                     | (378,080)        | The decrease was primarily due to the year-to-date net loss, as well as the distributions to Unitholders.  |

### 3. INVESTMENT PROPERTIES

To expand the portfolio and participate in development opportunities, Choice Properties owns varying interests in real estate entities that hold investment properties. Under GAAP, many of these interests are recorded as equity accounted joint ventures and, as such, the Trust's share of the investment properties owned by these entities is presented on the balance sheet as a summarized value, not as part of the total investment properties. In addition, the Trust also has financial real estate assets which are not included with investment properties as prepared under GAAP.

The following continuity schedule presents Choice Properties' investment properties on a GAAP basis and inclusive of its proportionate share ownership in equity accounted joint ventures and financial real estate assets for the three months ended June 30, 2025:

(i) Includes acquisition costs.

(ii) Development capital for income producing properties represents development expenditure after the transfer of a project.

(iii) Development capital for properties under development includes \$425 of site intensification payments paid to Loblaw for the three months ended June 30, 2025.

(iv) Interest was capitalized to qualifying development projects based on a weighted average interest rate of 4.23% for the three months ended June 30, 2025.

Included in certain investment properties acquired from Loblaw is excess land with development potential. Choice Properties will compensate Loblaw, over time, with intensification payments determined by a site intensification payment grid as outlined in the Strategic Alliance Agreement (see Section 9, "Related Party Transactions"), should Choice Properties pursue activity resulting in the intensification of the excess land. The fair value of this excess land has been recorded in the consolidated financial statements.

The following continuity schedule presents Choice Properties' investment properties on a GAAP basis and inclusive of its proportionate share ownership in equity accounted joint ventures and financial real estate assets for the six months ended June 30, 2025:

### 3.1 Valuation Method

Investment properties are measured at fair value primarily determined using the discounted cash flow method. Under this methodology, discount rates are applied to the projected annual operating cash flows, generally over a minimum term of ten years, including a terminal value based on a capitalization rate applied to the estimated NOI<sup>(1)</sup> in the terminal year. The fair value of investment properties reflects, among other things, rental income from current leases and assumptions about rental income from future leases in light of current market conditions. Overall capitalization rates are applied when undertaking the Direct Capitalization method of the Income Approach. This methodology applies the overall capitalization rate to a future estimated stabilized NOI. Currently, this method is primarily applied to value residential assets and certain ground leases.

The portfolio is internally valued with external appraisals performed each quarter for a portion of the portfolio. The majority of the properties will be subject to an external appraisal at least once over a four-year period. When an external valuation is obtained, the internal valuation team assesses all major inputs used by the independent valuers in preparing their valuation reports and holds discussions with the independent valuers on the reasonableness of their assumptions. Where warranted, adjustments will be made to the internal valuations to reflect the assumptions contained in the external valuations. The Trust will record the internal value in its consolidated financial statements.

Valuations are most sensitive to changes in capitalization rates. The terminal capitalization rates and discount rates are the most relevant to the portfolio, under the application of the discounted cash flow method. The weighted average valuation metrics for the Trust's investment properties (including financial real estate assets and properties held within equity accounted joint ventures) are listed below by asset class:

| As at June 30, 2025          | Retail | Industrial | Mixed-Use & Residential | Total Investment Properties |

### 3.3 Completed Developments

For the six months ended June 30, 2025, Choice Properties completed a total of \$24.5 million in development projects delivering 128,500 square feet of retail space (including 79,500 square feet associated with ground leases) with a weighted average yield of 7.2%.

The Trust delivered seven retail developments including two Shoppers Drug Mart stores, one value retailer, eight quick service restaurants, and three ground leases.

The Trust also discloses the expected stabilized yield<sup>(2)</sup> for each of its completed projects and projects under active development. Expected stabilized yield is calculated by dividing the expected stabilized net rental income for each development by the estimated total project costs. Stabilized net rental income is based on contracted rental rates on leased units, and market rental rates on non-leased units which are based on the Trust's market knowledge and, where applicable, supported by external market studies. Estimated project costs include land costs, soft and hard construction costs, development and construction management fees, tenant allowances and inducements, capitalized financing costs, and other carrying costs.

For the six months ended June 30, 2025, Choice Properties transferred the following from properties under development to income producing properties as presented on a proportionate share basis<sup>(1)</sup>:

### 3.4 Development Activities

Development initiatives are a key component of Choice Properties' business model, providing the Trust with an opportunity to add high quality real estate at a reasonable cost and drive net asset value appreciation over time. The Trust has a mix of active development projects ranging in size, scale and complexity, including retail intensification projects, industrial development, and rental residential projects located in urban markets with a focus on transit accessibility. Choice Properties continues to drive long-term growth and value creation through the development of commercial and residential projects and has a significant long-term pipeline of potential mixed-use projects. The Trust views its development activities through the stages of the development lifecycle, including the process of potential site identification, planning and rezoning, construction, and finally to development completion.

(ii) Estimated GLA is based on current development plans and final development square footage may differ. For developments in planning, GLA is an estimate and may differ as the developments complete the rezoning and entitlement process. Includes GLA associated with ground leases.

(iii) Compiled on a non-GAAP proportionate share basis<sup>(1)</sup>. Investment to-date compiled on a cash basis, excluding adjustments to fair value of on-going projects.

(iv) The Trust expects to invest approximately 35% during 2025 and the remainder thereafter.

(v) Active residential represents the remaining units of the condominium portion of the Trust's Mount Pleasant Village development project, in which the Trust owns a 50% interest. This project is included within residential development inventory.

(vi) Total development fair value excludes residential development inventory of \$2,095 as at June 30, 2025 (December 31, 2024 - \$2,095).

### 3.5 Properties Under Active Development

Projects under active development are sites under construction or sites with appropriate approvals in place which are expected to commence construction in the next six to twelve months. Currently, the Trust has 18 active developments comprised of 16 retail, one industrial and one residential. Upon completion, the projects under active development are expected to deliver a total of 1,129,000 square feet of commercial space (including 93,000 square feet associated with ground leases). The Trust has invested a total of \$116.6 million to date and is expected to invest an additional \$208.5 million over the next 12-24 months to complete these projects<sup>(2)</sup>.

#### Projects Under Active Development – Retail

The Trust invests in retail development projects through intensification of its existing retail assets. The Trust currently has 300,000 square feet at share of active retail development (including 93,000 square feet associated with ground leases), which is expected to be completed in the next 12-24 months<sup>(2)</sup>.

The following table details the Trust's retail projects under active development on a proportionate share basis<sup>(1)</sup> as of June 30, 2025:

## Projects Under Active Development – Industrial

The Trust invests in industrial development projects through development of greenfield industrial land. The Trust currently has one active development project, which is expected to deliver 829,000 square feet at share of new generation logistics space in the near term<sup>(2)</sup>.

The following table details the Trust's industrial projects under active development on a proportionate share basis<sup>(1)</sup> as of June 30, 2025:

(v) The development includes an expansion option to the tenant for the entirety of the space. The expansion space is expected to be completed in H1 2027, should the tenant so elect.

At Choice Caledon Business Park, the Trust expects to construct eight state-of-the-art, multi-use industrial buildings in four phases. The first phase, a Loblaw distribution centre, was completed in Q4 of 2024. Building H, the first building of Phase 2 is leased to National Logistics Services, a leading Canadian logistics provider, with rent commencement expected in the second quarter of 2026<sup>(2)</sup>. The remaining phases are expected to be completed over the next 60 months<sup>(2)</sup>.

### 3.6 Development in Planning

Beyond the projects under active development, Choice Properties has a substantial pipeline of larger, more complex mixed-use developments and land held for future commercial development in various stages of planning, which collectively are expected to drive meaningful net asset value growth in the future. The Trust continues to advance the rezoning status for several mixed-use sites currently in different stages of the rezoning and planning process.

As of June 30, 2025, the Trust has identified 24 sites with potential for future development. This includes 9 opportunities totalling 160,000 square feet at existing retail sites, two industrial sites totalling 4,230,000 square feet, and 13 residential and mixed-use projects totalling 12,615,000 square feet and 15,306 residential units (at the Trust's share). The development plan for each property is subject to completion of the Trust's full review of each opportunity. The expected project scope may change over time or the Trust may decide not to proceed with that development upon completion of full due diligence. To date, the Trust has invested a total of \$432.0 million on land acquisition and initial development and planning costs at these sites.

#### Retail Development in Planning

Retail intensification is focused on adding at-grade retail density within the existing retail portfolio. These projects provide the opportunity to add new tenants, further expand the high-quality tenant mix and provide steady growth to the business.

The Trust has obtained zoning approval on two industrial development sites. The following table details the Trust's industrial developments in planning:

| Project / Location  | Description   |
|---|---|
| <b>Choice Caledon Business Park - Remaining Phases, Caledon, ON</b>     | During the third quarter of 2022, the joint venture achieved entitlement to convert the lands from agricultural uses to employment uses through a Ministerial Zoning Order. The Draft Plan of Subdivision and Site Plan Applications for the first phase were submitted during the second quarter of 2023 and the grading permit was received and site works commenced. Site preparation costs for the subdivision of the remaining phases is expected to be \$90.0 million in total or \$76.4 million at share. The remainder of the development is expected to consist of warehouse, distribution, and industrial uses totalling approximately 4.2 million square feet on 205 net developable acres (at 100% share). The Trust has invested \$201.1 million to date, including land acquisition related to the remaining phases of the development. |
| <b>Choice Eastway Industrial Centre - Phase 2, East Gwillimbury, ON</b> | The second phase of the Trust's project constitutes approximately 54 acres (at 100% share) of developable land and is fully zoned. The second phase is anticipated to be approximately 0.8 million total square feet (at 100% share). The Trust has invested \$34.4 million to date, including land acquisition.  |

## Mixed-Use & Residential Development in Planning

Mixed-use development represents a key component of Choice Properties' long-term development strategy. The Trust endeavours to create enduring value through high-quality mixed-use assets with a significant residential rental component. Leveraging the Trust's sizable portfolio in key urban markets, Choice Properties believes there are considerable value creation opportunities through rezoning existing grocery anchored assets into mixed-use sites. The development plan for each project is subject to municipal review and approval which may take several years to realize.

Once zoning and entitlement is obtained, the Trust can create additional value by pursuing ground up development, repositioning existing retail and maximizing available density for residential and mixed-use development. Choice Properties is working through the zoning and entitlement process for several of its future projects.

The Trust has obtained zoning approval on six residential and mixed-use developments and has submitted applications for five residential and mixed-use projects. A total of \$175.5 million has been invested to date on land acquisition and initial development and planning costs.

The following table details the Trust's residential and mixed-use development projects by zoning status:

## Zoning Applications Approved

Obtaining zoning is a significant milestone in the development lifecycle. Zoning approval allows the Trust to unlock significant land value through the realization of residential density potential. Once zoning is approved, the next phase of the development process is obtaining all necessary permits, which allows the project to proceed to active development with construction commencement. The Trust has completed approvals on three mixed-use and three residential developments in Toronto, Ontario. As of June 30, 2025, the Trust has invested a total of \$89.1 million to date on land acquisition and initial development and planning costs.

| Project / Location                            | Description   |
|---|---|
| <b>Carlaw Avenue, Toronto, ON</b>             | During the second quarter of 2024, Choice Properties entered into an agreement with the Province of Ontario (the "Province") to facilitate the construction of a transit station at its Carlaw Avenue property. In partnership with the Province, Choice Properties has developed a concept for the future transit-oriented community at this site, located at the northeast corner of Gerrard Street East and Carlaw Avenue. The approximately 5.6 acre site will become the anchor of the Gerrard TTC subway station on the future Ontario Line. The concept proposes three towers with approximately 1,000 residential units, retail offerings including a new food store, privately owned public space over the transit corridor, a new public street and a public park. Construction for the transit project commenced in 2024 and is expected to continue through 2030 and beyond <sup>(2)</sup> , at which point Choice Properties will begin construction on the residential towers. During the second quarter of 2025, the Province issued a Ministerial Zoning Order for the site, providing zoning permissions consistent with the proposed concept. While the site remains under the Province's control, it is expected to be returned to the Trust once the transit station is complete. At that time, the Trust will advance site plan approvals and detailed design in preparation for future development. |
| <b>Golden Mile, Toronto, ON</b>               | The approximately 19 acre site is located along Eglinton Avenue in the Golden Mile district of Toronto. The current redevelopment plans contemplate a large, mixed-use master-plan community to be built in phases with a focus on high density residential and retail uses. The site is directly adjacent to new transit stations along the first phase of the Eglinton Crosstown LRT, which is currently under construction. The current plan includes approximately 3.2 million square feet of total ground floor area, with 0.3 million square feet of commercial GLA and approximately 3,600 residential units. The development will transform the area through the introduction of the Golden Mile Community Innovation District by bringing together expertise from all stakeholders including community organizations, the local councillor, and post-secondary educational institutions <sup>(2)</sup> . The development will create a community comprising residential and commercial uses along with privately owned public spaces including a new park. The Official Plan and Zoning By-law Amendment Applications have been approved by the City of Toronto and the Trust continues to work with the City to fulfill conditions of subdivision and site plan.  |
| <b>Grenville &amp; Grosvenor, Toronto, ON</b> | The approximately 1 acre site is located in the area of Yonge Street and College Street in downtown Toronto. The current development plan contemplates two residential towers providing a total 0.7 million square feet of total gross floor area, including 34,000 square feet of commercial GLA and approximately 770 rental residential units (at 100% share). Approximately one third of the residential units will be affordable housing units <sup>(2)</sup> .  |
| <b>Parkway Forest Drive, Toronto, ON</b>      | The approximately 3 acre site is located at the southeast intersection of Parkway Forest Drive and Sheppard Avenue East in Toronto. The site is located 350 meters from the Don Mills TTC subway station and currently features a 19-storey rental building and ten rental townhouses. The proposed development will replace five of the existing townhouses with a 33-storey residential building comprised of approximately 380 units (at 100% share). This intensification will support future growth in the City of Toronto by providing additional rental housing stock in a transit-connected neighbourhood. The Official Plan Amendment and Zoning By-law Amendment have been approved by the City of Toronto.   |
| <b>Sheppard Avenue West, Toronto, ON</b>      | The 0.6 acre site is located at the northeast corner of Allen Road and Sheppard Avenue West in Toronto. The site is approximately 400 meters from the Sheppard West TTC subway station and in close proximity to Downsview Park and Downsview Airport. The current development plans include a 15-storey residential building comprising 10,000 square feet of commercial GLA and approximately 200 residential units (at 100% share).  |
| <b>Woodbine Avenue, Toronto, ON</b>           | The approximately 1.7 acres site is located at the northeast intersection of Woodbine Avenue and Danforth Avenue in the Danforth neighbourhood of Toronto. The site is directly adjacent to the Woodbine TTC subway station. Toronto City Council has approved the redevelopment of the site into a mixed-use project. The approved plan includes a new at-grade grocery store, a theatre, and a preschool. The project will feature two residential buildings of 35 and 10 storeys, comprising approximately 600 purpose-built rental units. This includes 12 affordable units and 14 replacement units for existing tenants, aligning the development with community and housing objectives. The design of this project will incorporate the urban design significance of the Danforth neighbourhood and sustainable architecture. It will improve the public realm through the addition of a significant privately owned public open space on Woodbine Avenue and the widening of both Danforth Avenue and Woodbine Avenue. Zoning approval was achieved during the fourth quarter of 2024.  |

### Zoning Applications Submitted

Choice Properties has submitted zoning applications for five mixed-use developments in Toronto, Ontario and Coquitlam, British Columbia. As of June 30, 2025, the Trust has invested a total of \$80.3 million to date on land acquisition and initial development and planning costs.

| Project / Location                     | Description  |
|--|--|
| <b>Broadview Avenue, Toronto, ON</b>   | The approximately 3.3 acre site is located at the southwest corner of Danforth Avenue and Broadview Avenue in Toronto's east end and is situated less than 150 metres from the Broadview TTC subway station. The current development proposal includes one residential tower, a new grocery store and a public park. The submitted application proposes 0.4 million square feet of total ground floor area, and approximately 500 residential units. The Trust continues to refine the vision for a mixed-use, transit-oriented development that will transform an underutilized site while highlighting the natural heritage and green connections of the existing community. The Official Plan, Zoning By-law Amendment and Draft Plan of Subdivision Applications have been submitted to the City of Toronto.   |
| <b>Dundas Street West, Toronto, ON</b> | The approximately 13 acre site is located at the southeast corner of Dundas Street West and Bloor Street West in Toronto, at the intersection of several major transit corridors including a TTC subway station, a GO train station and the Union-Pearson Express train. The current redevelopment plans contemplate a large mixed-use community integrated with the surrounding transit services with a focus on high density residential, office, retail and other community uses including a public park. The submitted application proposes approximately 1.7 million square feet of total ground floor area, including 0.2 million square feet of commercial GLA and approximately 1,900 residential units. The Official Plan, Rezoning, Plan of Subdivision and Site Plan Applications have been submitted to the City of Toronto.   |
| <b>North Road, Coquitlam, BC</b>       | The approximately 7.8 acre site is located at the southeast corner of North Road and Austin Avenue in Coquitlam. The Master Development Plan proposes the redevelopment of the existing Cariboo Centre into a diverse range of housing, retail, public amenity space, and childcare over four phases. The overall project, upon completion, will see a total of approximately 2,500 new homes through both market residential and rental in six towers, along with approximately 110,000 square feet of retail space within commercial podiums, including a new food store and a drug store within Phase 1 and a daycare in both Phases 1 and 4. In addition, the overall project will deliver approximately 26,000 square feet of public plaza. The Master Development Plan was submitted to the City of Coquitlam in December 2023 with resubmission in May 2024. The entitlements process associated with the Master Development Plan along with the Development Permit application for Phase 1 continue to progress. |
| <b>Photography Drive, Toronto, ON</b>  | The approximately 7.7 acre site is located at the southwest corner of Eglinton Avenue West and Black Creek Drive in Toronto, within close proximity to several major transit corridors, including the Kitchener GO Line, the Union-Pearson Express train and the future Eglinton Crosstown LRT. The proposed redevelopment is comprised of seven mixed-use buildings including residential and retail uses. The application includes a total gross floor area of approximately 2.1 million square feet and 2,400 residential units. Choice Properties continues to refine the vision for a mixed-use, inclusive community where people can live and access amenities, services, transit, and a brand new grocery store, all within walking distance. The Official Plan and Zoning By-law Amendment Applications have been submitted to the City of Toronto.  |
| <b>Warden Avenue, Toronto, ON</b>      | The approximately 6.5 acre site is located south of the intersection of Saint Clair Avenue and Warden Avenue in Toronto and 500 meters from the Warden TTC subway station. The current development plan includes approximately 2,100 residential units, over 1.3 million square feet of gross floor area and a proposal for a public park. The Trust has reached a settlement with the City of Toronto and is working to clear conditions prior to the issuance of an Official Plan Amendment and Zoning By-law Amendment.   |

### 3.7 Future Pipeline

Choice Properties' long-term development strategy is to create value through residential and mixed-use development. Beyond the projects that are currently in planning, the Trust has identified more than approximately 70 sites encompassing over 500 acres in its existing portfolio that provide potential for incremental residential and mixed-use density through the intensification of an existing asset. Over 90% of the identified sites are in the greater Toronto, Montreal and Vancouver areas, providing the opportunity to grow the residential platform in Canada's largest cities. Choice Properties is actively reviewing and prioritizing these sites to proceed with the rezoning and entitlement process.

### 3.8 Mortgages, Loans and Notes Receivable

As a means to generate acquisition opportunities, Choice Properties has established a program with a group of strong real estate developers whereby Choice Properties provides mezzanine and/or co-owner financing. Such financing activities generally provide Choice Properties with an option or other rights to acquire an interest in the developed income producing property. Mortgages and loans receivable represent amounts advanced under mezzanine loans, joint venture financing, vendor take-back financing and other arrangements.

As at June 30, 2025, the Trust has issued \$280,951 (December 31, 2024 - \$305,348) of secured mortgages to third-party borrowers. These loans have been extended to borrowers who are strategic partners and counterparties of the Trust and are secured by real property assets.

On January 31, 2025, the Trust advanced a \$5,918 mortgage to a joint venture partner. The loan bears interest at a rate of 5.00% and is secured by the partner's portion of an income producing retail property in Richmond Hill, Ontario.

On January 31, 2025, the loan receivable from a development partner and interest accrued thereon totalling \$20,868 was settled against the contingent consideration payment owed to the development partner.

On January 31, 2025, a mortgage receivable and interest accrued thereon totalling \$114,217 (\$19,915 on a proportionate share basis), issued to an entity in which the Trust has an ownership interest, was repaid.

On March 5, 2025, the Trust advanced \$15,000 on an existing mezzanine loan to a joint venture partner. The loan bears interest at a rate of prime rate plus 3.55% with a floor rate of 10.00% and is secured by the partner's portion of an income producing residential property in Ottawa, Ontario.

On June 10, 2025, the Trust advanced a \$4,954 on an existing mezzanine loan to a joint venture partner. The loan bears interest at a rate of 6.00% and is secured by the partner's portion of an income producing mixed-use & residential property in Toronto, Ontario.

Holders of Exchangeable Units may, in lieu of receiving all or a portion of their distributions, choose to be loaned an amount from Choice Properties Limited Partnership, and to have such distributions made on the first business day following the end of the fiscal year in which such distribution would otherwise have been made. The loans do not bear interest and are due and payable in full on the first business day following the end of the fiscal year during which the loan was made. During the six months ended June 30, 2025, GWL elected to receive distributions from Choice Properties Limited Partnership in the form of loans. As such, non-interest bearing short-term notes totalling \$151,388 were issued to GWL. Non-interest bearing short-term notes totalling \$299,807 with respect to the loans issued in the 2024 fiscal year were settled against distributions payable by the Trust to GWL in January 2025.

## 4. LIQUIDITY AND CAPITAL RESOURCES

### 4.1 Liquidity and Capital Structure

Choice Properties expects to fund its ongoing operations and finance future growth primarily through the use of: (i) existing cash; (ii) cash flows from operations; (iii) short-term financing through the committed credit facility; (iv) the issuance of unsecured debentures and equity (including Exchangeable Units), subject to market conditions; and (v) secured mortgages. Given reasonable access to capital markets, Choice Properties does not foresee any impediments in obtaining financing to satisfy its short-term and long-term financial obligations, including its capital investment commitments<sup>(2)</sup>.

### Three and Six Months

During the three and six months ended, cash was primarily used for net acquisitions of investment properties, cash distributions paid on Trust Units, capital expenditures, and net mortgages, loans and notes receivable advances. Cash outflows were partially offset by cash generated from credit facility advances and operations.

In addition, for the six month period, cash was used for net repayments of senior unsecured debentures.

Cash flows from operating activities are partially used to fund ongoing operations and expenditures for leasing capital and property capital<sup>(2)</sup>.

### 4.3 Adjusted Cash Flow from Operations (“ACFO”)

Adjusted Cash Flow from Operations<sup>(1)</sup> excludes most of the short-term fluctuations in non-cash working capital, such as property tax instalments, and the timing of semi-annual debenture instalments, although some fluctuations between quarters for operational cash flows still exist. ACFO<sup>(1)</sup> also adjusts cash flows from operating activities for the working capital requirements related to operating capital expenditures that maintain productive capacity of the investment properties, which adds volatility to the values due to the seasonality of capital projects. Management includes this non-GAAP measure in its assessment of cash flows available for distributions. Refer to Section 14.4, “Adjusted Cash Flow from Operations”, for a reconciliation of ACFO<sup>(1)</sup> to cash flows from operating activities, as determined in accordance with GAAP.

The table below summarizes the ACFO<sup>(1)</sup> metrics:

| For the periods ended June 30<br>(\$ thousands)   | Three Months |            |             | Six Months |            |             |
|---|--------------|------------|-------------|------------|------------|-------------|
|   | 2025         | 2024       | Change \$   | 2025       | 2024       | Change \$   |
| Adjusted cash flow from operations <sup>(1)</sup> | \$ 175,454   | \$ 194,575 | \$ (19,121) | \$ 351,634 | \$ 368,480 | \$ (16,846) |
| Cash distributions declared                       | 139,334      | 137,492    | 1,842       | 277,455    | 273,779    | 3,676       |
| Cash retained after cash distributions            | \$ 36,120    | \$ 57,083  | \$ (20,963) | \$ 74,179  | \$ 94,701  | \$ (20,522) |
| ACFO <sup>(1)</sup> payout ratio                  | 79.4 %       | 70.7 %     | 8.7 %       | 78.9 %     | 74.3 %     | 4.6 %       |

#### Three and Six Months

ACFO<sup>(1)</sup> decreased for the three and six months compared to the same prior year periods primarily due to higher leasing and maintenance spend in the current year period, an unfavourable change in working capital, higher interest expense, and lower interest income. The decrease was partially offset by higher net operating income and lower general and administrative expenses. In addition, the decrease for the six months was further offset by higher fee income resulting from the termination of an agreement with a development partner in the first quarter of the current year.

ACFO<sup>(1)</sup> may fluctuate each quarter due to the timing of maintenance capital spend during the year.

### Construction Loans

For the purpose of financing the development of certain industrial and mixed-use & residential properties, various investments in equity accounted joint ventures and co-ownerships have variable rate non-revolving construction facilities, in which certain subsidiaries of the Trust guarantee its own share. As at June 30, 2025, the construction loans have a maximum capacity to be drawn at the Trust's ownership interest of \$276,225, of which \$270,700 relates to equity accounted joint ventures (December 31, 2024 - \$276,225 and \$270,700, respectively). The construction loans mature throughout 2025 and 2026.

As at June 30, 2025, \$106,056 was drawn on the construction loans, of which \$100,750 relates to equity accounted joint ventures. The construction loans had a weighted average interest rate of 4.39% and a weighted average term to maturity of 0.8 year (December 31, 2024 - 5.47% and 1.0 year, respectively).

### Credit Facility

Choice Properties has a \$1,500,000 senior unsecured committed revolving credit facility provided by a syndicate of lenders. During the second quarter of 2025, the Trust extended the maturity date for the credit facility from June 13, 2029 to May 21, 2030.

Under the credit facility, the Trust has the ability to draw funds at variable rates in either Canadian dollars or U.S. dollars. Canadian dollar-denominated borrowings bear interest at either the Canadian bank prime rate plus 0.20% or Canadian Overnight Repo Rate Average ("CORRA") plus 1.20% and a daily compounded CORRA adjustment of approximately 0.30%, and U.S. dollar-denominated borrowings bear interest at the U.S. prime rate plus 0.30% or Secured Overnight Financing Rate ("SOFR") plus 1.30%. The pricing is contingent on the credit ratings for Choice Properties from either DBRS remaining at BBB (high) or S&P

remaining at BBB+. Concurrently with any U.S. dollar draws, the Trust enters into cross currency swaps to exchange its U.S. dollar borrowings into Canadian dollar borrowings. The Trust applies hedge accounting to the cross currency swaps.

As at June 30, 2025, the Trust had U.S. dollar-denominated borrowings totaling \$145,529, equivalent to \$200,000 Canadian dollars (December 31, 2024 - \$nil) and \$nil (December 31, 2024 - \$nil) in Canadian dollar-denominated borrowings. Concurrent with the draws, the full amount of U.S. dollar-denominated borrowings was exchanged into Canadian dollars. As at June 30, 2025, the credit facility balance was revalued at \$198,820 Canadian dollars.

The credit facility contains certain financial covenants. As at June 30, 2025, the Trust was in compliance with all its financial covenants for the credit facility. The credit facility is subject to an annual commitment fee of 0.24% of the undrawn balance.

### Senior Unsecured Debentures

On January 10, 2025, the Trust paid in full upon maturity, at par, plus accrued and unpaid interest thereon, the \$350 million aggregated principal amount of the 3.55% Series J senior unsecured debentures outstanding. The repayment of the Series J senior unsecured debenture was primarily funded by an advance on the Trust's credit facility.

On January 16, 2025, the Trust completed the issuance, on a private placement basis, of the \$300 million aggregated principal amount of Series V senior unsecured debentures bearing interest at a rate of 4.29% per annum and maturing on January 16, 2030. The Trust used the net proceeds to repay certain amounts drawn on its revolving credit facility which were utilized to repay upon maturity its Series J senior unsecured debentures.

(ii) Includes cash and cash equivalents.

(iii) The credit facility matures on May 21, 2030.

## 4.6 Financial Condition

Choice Properties is subject to certain financial and non-financial covenants on its senior unsecured debentures and credit facility that include maintaining certain leverage and debt service ratios. These ratios are monitored by management on an ongoing basis to ensure compliance. Choice Properties was in compliance with all these covenants as at June 30, 2025 and December 31, 2024.

The Trust's compliance with leverage and coverage ratios, as they relate to its debentures, are shown below:

|  |  | As at<br>June 30, 2025 | As at<br>December 31, 2024 |
|--|--|------------------------|----------------------------|
| <b>Adjusted Debt to Total Assets<sup>(1)(i)</sup></b>        | Limit: Maximum excluding convertible debt is 60.0% | <b>40.8 %</b>          | 40.0 %                     |
| <b>Debt Service Coverage Ratio<sup>(1)(i)</sup></b>          | Limit: Minimum 1.5x                                | <b>3.0x</b>            | 3.0x                       |
| <b>Adjusted Debt to EBITDAFV<sup>(1)(i)(ii)(iv)(v)</sup></b> |  | <b>7.2x</b>            | 7.0x                       |
| <b>Interest Coverage Ratio<sup>(1)(iii)(iv)</sup></b>        |  | <b>3.3x</b>            | 3.3x                       |

(i) Debt ratios exclude Exchangeable Units. The ratios are non-GAAP financial measures calculated based on the Trust Indentures, as supplemented.

(ii) Refer to Section 14.6, "Earnings Before Interest, Taxes, Depreciation, Amortization and Fair Value" for a reconciliation of net (loss) income to EBITDAFV used in this ratio.

(iii) Refer to Section 14.5, "Net Interest Expense and Other Financing Charges Reconciliation" for a reconciliation of proportionate share basis<sup>(1)</sup> to GAAP basis for net interest expense and other financing charges used in this ratio.

(iv) The senior unsecured debentures and credit facility financial covenants do not include the Adjusted Debt to EBITDAFV<sup>(1)</sup> and Interest Coverage Ratio<sup>(1)</sup> metrics. These metrics are used to assess financial leverage and are useful in determining the Trust's ability to meet financial obligations. Refer to Section 14 "Non-GAAP Financial Measures".

(v) Adjusted Debt to EBITDAFV, net of cash<sup>(1)</sup> was 7.1x as at June 30, 2025 and 6.9x as at December 31, 2024.

## 4.7 Credit Ratings

Choice Properties' debt securities are rated by two independent credit rating agencies: DBRS and S&P.

On May 29, 2024, S&P upgraded the Choice Properties rating to BBB+ with a stable outlook. On May 26, 2025, DBRS confirmed the Choice Properties rating at BBB (high) and upgraded the trend from stable to positive. A credit rating of BBB- or higher is an investment grade rating.

The following table sets out the current credit ratings for Choice Properties as at June 30, 2025:

|                                     | DBRS          |          | S&P           |         |

### Normal Course Issuer Bid ("NCIB")

Choice Properties, may, from time to time, purchase Units in accordance with the rules prescribed under applicable stock exchange or regulatory policies. On November 19, 2024, Choice Properties received approval from the TSX to purchase up to 27,566,130 Units during the twelve-month period from November 21, 2024 to November 20, 2025, by way of a NCIB over the facilities of the TSX or through alternative trading systems. Choice Properties intends to file a Notice of Intention to make a NCIB with the TSX upon the expiry of its current NCIB.

### Units Issued under Unit-Based Compensation Arrangements

Units were issued as part of settlements under the Unit Option Plan and grants under the Unit-Settled Restricted Unit Plan, as applicable.

### Units Repurchased for Unit-Based Compensation Arrangements

The Trust acquired Units under its NCIB during the six months ended June 30, 2025 and the year ended December 31, 2024, which were then granted to certain employees in connection with the Unit-Settled Restricted Unit Plan, and are subject to vesting conditions and disposition restrictions.

### Distributions

The distributions declared for the three and six months ended June 30, 2025 and 2024, including distributions to holders of Exchangeable Units, were as follows:

| For the periods ended June 30<br>(\$ thousands) | Three Months |            |           | Six Months |            |           |
|---|--------------|------------|-----------|------------|------------|-----------|
|   | 2025         | 2024       | Change \$ | 2025       | 2024       | Change \$ |
| Net distributions declared                      | \$ 139,334   | \$ 137,492 | \$ 1,842  | \$ 277,455 | \$ 273,779 | \$ 3,676  |

Choice Properties' Board retains full discretion with respect to the timing and quantum of distributions and expects to distribute the amount necessary to ensure the Trust will not be liable to pay income taxes under Part I of the *Income Tax Act (Canada)*<sup>(i)</sup>. Accordingly, no provision for current income taxes payable is required, except for amounts incurred for the Trust's Canadian corporate subsidiaries. The taxable income allocated to the Trust and Exchangeable Unitholders may vary in certain taxation years. Over time, such differences, in aggregate, are expected to be minimal.

On February 12, 2025, the Board reviewed and approved an increase of distributions to \$0.77 per unit per annum from the previous rate of \$0.76 per unit per annum (an increase of 1.3%). The increase was effective for Unitholders of record on March 31, 2025.

In determining the amount of distributions to be made to Unitholders, Choice Properties' Board considers many factors, including provisions in its Declaration of Trust, macro-economic and industry specific environments, the overall financial condition of the Trust, future capital requirements, debt covenants, and taxable income. In accordance with Choice Properties' Distribution Policy, management and the Board regularly review Choice Properties' rate of distributions to assess the stability of cash and non-cash distributions.

(i) Choice Properties qualified as a "mutual fund trust" and a "real estate investment trust" under the Income Tax Act (Canada).

## 4.9 Net Asset Value

NAV<sup>(1)</sup> is an alternate measure of equity and includes Unitholder's Equity and the fair value of the Trust's Exchangeable Units. Under GAAP, Exchangeable Units are considered debt. The Exchangeable Units are not required to be repaid and the holder of these units has the right to convert them into Units, therefore management considers the Exchangeable Units to be equivalent to equity.

### Six Months

NAV<sup>(1)</sup> increased by \$223.5 million or \$0.31 per unit during the six months ended June 30, 2025, primarily due to net contributions from FFO of \$382.5 million and a fair value gain on investment properties of \$131.0 million, partially offset by distributions of \$277.5 million.

## 4.10 Financial Instruments

Designated hedging derivatives consist of interest rate swaps to hedge the interest rate associated with an equivalent amount of variable rate mortgages, and cross currency swaps to hedge foreign exchange associated with the equivalent amount borrowed in U.S. dollars on the Trust's credit facility. As at June 30, 2025, the interest rates associated with the interest rate swaps ranged from 2.8% to 5.0% (December 31, 2024 - 2.8% to 5.0%).

The impact of the hedging instruments on the consolidated balance sheets was as follows:

During the six months ended June 30, 2025, Choice Properties recorded an unrealized fair value loss in other comprehensive (loss) income of \$1,195 (June 30, 2024 - unrealized fair value gain of \$1,385).

## 4.11 Off-Balance Sheet Arrangements

Choice Properties issues letters of credit to support guarantees related to its investment properties including maintenance and development obligations to municipal authorities. The Trust has aggregate letters of credit with a maximum capacity of \$82,385 at the Trust's ownership interest. As at June 30, 2025, the aggregate gross potential liability related to these letters of credit totalled \$35,604 (December 31, 2024 - \$37,479).

## 5. RESULTS OF OPERATIONS

(i) Investment income is comprised of distributions from the Trust's investment in Allied.

Adjustments to fair value can vary widely from period to period, as they are impacted by market factors such as the Trust's Unit price, Allied's publicly traded unit price, and market capitalization rates. These market factors can have a significant impact on the Trust's net income.

### Three Months

The Trust reported a net loss of \$154.2 million for the three months compared to net income of \$513.2 million for the same prior year period. The decrease was primarily due to changes in certain non-cash adjustments to fair value including: a \$736.2 million unfavourable change in the adjustment to fair value of the Trust's Exchangeable Units due to the change in the Trust's unit price, partially offset by a \$65.5 million favourable change in the adjustment to fair value of investment properties and a \$37.0 million favourable change in the adjustment to fair value of the investment in real estate securities of Allied due to the change in Allied's unit price.

In addition to the fair value changes described above, the reversal of a \$38.6 million transaction related provision during the second quarter of 2024 further contributed to the decrease. The decrease was partially offset by higher net operating income of \$9.4 million.

### Six Months

The Trust reported a net loss of \$250.5 million for the six months compared to net income of a \$655.5 million for the same prior year period. The decrease was primarily due to changes in certain non-cash adjustments to fair value including: a \$1,040.9 million unfavourable change in the adjustment to fair value of the Trust's Exchangeable Units due to the change in the Trust's unit price, partially offset by a \$96.8 million favourable change in the adjustment to fair value of investment properties and a \$57.6 million favourable change in the adjustment to fair value of the investment in real estate securities of Allied due to the change in Allied's unit price.

In addition to the fair value changes described above, the reversal of a \$38.6 million transaction related provision during the second quarter of 2024 further contributed to the decrease. The decrease was partially offset by higher net operating income of \$15.4 million.

### Rental Revenue and Property Operating Costs

Rental revenue is comprised primarily of base rent, including straight-line rent, and recoveries from tenants for property taxes, insurance, operating costs, and qualifying capital expenditures. Growth in rental revenue is materially impacted by newly acquired or constructed assets.

Property operating costs are comprised primarily of expenses to manage and maintain the properties for the benefit of the tenants, including realty taxes and insurance, that are recoverable under the leases of most tenants. Non-recoverable operating costs do not directly benefit the tenants and include property management fees paid by the Trust for properties managed by its partners.

### Three and Six Months

Net operating income increased for the three and six month periods compared to the same prior year periods primarily due to increased rental revenue from higher rental rates on renewals, new leasing, and contractual rent steps mainly in the retail and industrial portfolios. Further contributing to the increase were contributions from net acquisitions and completed developments over the past twelve months. The increase was partially offset by lower lease surrender revenue and a bad debt provision reversal in the prior year in the industrial portfolio following the resolution of a tenant dispute.

In addition, the increase for the six months included a property tax incentive recognized in the mixed-use and residential portfolio in the first quarter of 2025.

For the three months ended, there were no residential inventory sales in the current or prior year periods. Residential inventory income decreased for the six months compared to the same prior year period as the Trust recognized gross sales and cost of sales related to the sale of its ownership interest of 36 condominium units of its Mount Pleasant Village residential project in Brampton, Ontario in the first quarter of the prior year.

### Three and Six Months

Interest income decreased for the three and six month periods compared to the same prior year periods primarily due to a decrease in interest income earned on excess cash and changes in fair value from financial real estate assets.

A higher excess cash balance was held in the second quarter of 2024 following the issuance of the \$500 million Series U senior unsecured debentures, ahead of the the repayment of the \$550 million Series K senior unsecured debentures in the third quarter of 2024.

## Fee Income

Fees charged to third parties include property management fees, leasing fees, and project management fees relating to co-owned properties which serve as a cash flow supplement to enhance returns from the co-owned assets. Fee income from third parties is impacted by changes in the portfolio along with the timing of leasing transactions and project activity. Choice Properties provides Wittington with property management services for certain properties with third-party tenancies and development consulting services on a fee for service basis (see Section 9, "Related Party Transactions").

### Three Months

Fee income increased for the three months compared to the same prior year period primarily due to higher property management fees provided to third parties in the current quarter.

### Six Months

Fee income increased for the six months compared to the same prior year period primarily due to a fee recognized resulting from the termination of an agreement with a development partner in the first quarter of 2025, as well as higher property management fees provided to third parties in the current quarter.

(ii) Represents interest on indebtedness due to GWL.

### Three and Six Months

Net interest expense and other financing charges increased for the three and six month periods compared to the same prior year periods primarily due to new debt issuances over the past twelve months bearing interest at higher rates than maturing debt.

### Three and Six Months

General and administrative expenses decreased for the three and six month periods compared to the same prior year periods primarily due to restructuring costs related to the outsourcing of a portion of the Trust's operational accounting function, partially offset by higher information technology costs.

## 6. LEASING ACTIVITY

Choice Properties' leasing activities are centred on driving value by:

- focusing on property operations and striving for superior service to tenants;
- managing properties to maintain high levels of occupancy;
- increasing rental rates when market conditions permit; and
- adding tenants in complementary business sectors to retail sites anchored by Loblaw food and drug stores.

The following table details the changes for in-place occupancy by segment for the three months ended June 30, 2025:

- (i) Includes 662,000 sq. ft. that represents the building area on properties where the Trust has leased the underlying sites to the tenants through ground leases (March 31, 2025 - 662,000 sq. ft.).
- (ii) Includes 2,405,000 sq. ft. that represents the building area on properties where the Trust has leased the underlying sites to the tenants through ground leases (March 31, 2025 - 2,112,000 sq. ft.).
- (iii) Occupancy represents retail and office portion of mixed-use properties; residential units are excluded.
- (iv) Weighted average rate per occupied square foot excludes ground leases. Total portfolio excludes Mixed-Use & Residential.
- (v) Net expiries reflects spaces that naturally expired and were not renewed, as well as early terminations.
- (vi) Portfolio changes represents changes in occupied square footage arising from acquisitions, dispositions, intensifications, expansions, and transfers from properties under development.
- (vii) Long-term renewal spread is calculated as the difference between the average rental rate of the renewal term and the expiring rental rate. Comparing the rental rate during the first year of the renewal term versus the expiring rate, spread was 19.8% (Retail - 10.9%, Industrial - 32.0%). Total portfolio excludes Mixed-Use & Residential.

### Three Months

Ending occupancy of 97.8% was up 10 bps compared to the prior period.

Occupancy in the retail segment remained stable. Retention of 74.5% was lower than normal due to selective strategic expiries, including a restaurant in Ontario and a specialty store in Alberta, which have largely been re-leased at higher rents to tenants with stronger covenants, including two grocery stores, a pharmacy, and a specialty retailer.

Occupancy in the industrial segment improved by 30 bps due to new leasing in the Ontario and Alberta portfolios. Retention of 66.1% was lower than normal due to the expiry of a 124,000 square foot unit, which was re-leased within the quarter.

The following table details the changes for in-place occupancy by segment for the six months ended June 30, 2025:

- (iii) Occupancy represents retail and office portion of mixed-use properties; residential units are excluded.
- (iv) Weighted average rate per occupied square foot excludes ground leases. Total portfolio excludes Mixed-Use & Residential.
- (v) Net expiries reflects spaces that naturally expired and were not renewed, as well as early terminations.
- (vi) Portfolio changes represents changes in occupied square footage arising from acquisitions, dispositions, intensifications, expansions, and transfers from properties under development.
- (vii) Long-term renewal spread is calculated as the difference between the average rental rate of the renewal term and the expiring rental rate. Comparing the rental rate during the first year of the renewal term versus the expiring rate, spread was 13.4% (Retail - 9.4%, Industrial - 22.9%). Total portfolio excludes Mixed-Use & Residential.

## Six Months

Overall occupancy improved to 97.8% as at June 30, 2025 from 97.6% as at December 31, 2024.

Occupancy improved in the retail segment due to positive absorption of 77,000 square feet, primarily in the Alberta and Quebec portfolios.

Occupancy improved in the industrial segment due to positive absorption of 26,000 square feet, primarily in the Ontario portfolio, largely offset by negative absorption in the Nova Scotia portfolio. Retention of 68.6% was lower than normal due to the expiry of a 124,000 square foot unit, which was re-leased within the period.

Choice Properties' principal tenant, Loblaw, represents 59.8% of its total GLA (December 31, 2024 - 58.9%). Subsequent to the quarter end, Choice and Loblaw renewed 39 of a tranche of 41 leases expiring in 2026, comprising 2.52 million of 2.62 million square feet, at a weighted average spread of 8.6% and a weighted average extension term of 5.0 years.

(i) Represents the building area on properties where the Trust has leased the underlying sites to tenants through ground leases

### Retail Tenant Profile

Choice Properties' retail portfolio is the foundation for maintaining stable and growing cash flows. It is primarily leased to grocery stores, pharmacies, and other necessity-based tenants. In addition, the Trust has 176 gas bars in its retail segment (December 31, 2024 - 177), which are excluded from reported occupancy. Stability is attained through a strategic relationship and long-term leases with Loblaws.

The Trust's ten largest retail tenants as at June 30, 2025 represented approximately 55.6% of total annualized gross rental revenue and 74.0% of retail annualized gross rental revenue, as calculated on a proportionate share basis<sup>(1)</sup>. The names noted below may be the names of the parent entities and are not necessarily the parties to the leases.

## Industrial Tenant Profile

Choice Properties' industrial portfolio is centred on large, purpose-built distribution facilities for Loblaw and high-quality "generic" industrial assets that readily accommodate the diverse needs of a broad range of tenants. The term "generic" refers to a product that appeals to a wide range of potential users, such that the leasing or re-leasing timeframe is reduced.

The Trust's ten largest industrial tenants as at June 30, 2025 represented approximately 13.6% of total annualized gross rental revenue and 62.6% of industrial annualized gross rental revenue, as calculated on a proportionate share basis<sup>(1)</sup>. The names noted below may be the names of the parent entities and are not necessarily the parties to the leases.

| Industrial Tenants                     | % of Industrial Annualized Gross Rental Revenue | GLA (000s square feet) |

## 7. RESULTS OF OPERATIONS - SEGMENT INFORMATION

### 7.1 Net Income and Segment NOI Reconciliation

Choice Properties operates in three reportable segments: retail, industrial, and mixed-use & residential. Management measures and evaluates the performance of the Trust based on net operating income, which is presented by segment below at the proportionate share of the related revenue and expenses for these properties, while other net income items are reviewed on a consolidated GAAP basis.

The following table reconciles net loss on a proportionate share basis<sup>(1)</sup> to net loss as determined in accordance with GAAP for the three months ended June 30, 2025:

## 7.2 Net Operating Income<sup>(1)</sup> Summary

NOI<sup>(1)</sup> is a supplemental measure of operating performance widely used in the real estate industry. There is no industry-defined definition of NOI<sup>(1)</sup>. Refer to Section 14.1, “Net Operating Income”, of this MD&A for a definition of NOI<sup>(1)</sup> and a reconciliation to net (loss) income determined in accordance with GAAP.

Management also measures performance of operating segments using NOI<sup>(1)</sup> as calculated on a proportionate share basis<sup>(1)</sup> and, in particular, Same-Asset NOI, which isolates Management’s success at dealing with certain key performance factors. “Same-Asset” refers to those properties that were owned and operated by Choice Properties for the entire 18 months ended June 30, 2025, and where such properties had no changes to income as a result of acquisitions, dispositions, new developments, redevelopments and expansions, intensifications, transfers, or demolitions (collectively, “Transactions”). NOI related to Transactions for the period is presented separately from the Same-Asset financial results.

Choice Properties’ NOI<sup>(1)</sup>, calculated on a proportionate share basis<sup>(1)</sup> to incorporate the Trust’s investment in equity accounted joint ventures and financial real estate assets as if they were owned directly, for the three and six months ended June 30, 2025 and 2024 is summarized below.

### Three and Six Months

Same-Asset NOI, Cash Basis increased by 1.4% and 2.1% for the three and six month periods, respectively, primarily due to increased revenue from higher rental rates on renewals, new leasing, and contractual rent steps mainly in the retail and industrial portfolios. The increase was partially offset by the impact of a bad debt provision reversal in the prior year in the industrial portfolio following the resolution of a tenant dispute.

In addition, the increase for the six month period included a property tax incentive recognized in the mixed-use and residential portfolio in the first quarter of 2025.

Transactions NOI increased for the three and six month periods primarily due to the contribution from acquisitions and development transfers, partially offset by the foregone income from dispositions.

### Three and Six Months

Same-Asset NOI, Cash Basis for the retail segment increased by 1.7% and 1.6% for the three and six month periods, respectively, primarily due to increased revenue from higher rental rates on renewals, new leasing, and contractual rent steps. Retail Same-Asset NOI, Cash Basis growth was impacted by the effect of lower interest rates on capital recoveries.

Transactions NOI for the retail segment decreased for the three and six month periods primarily due to the foregone income from dispositions, partially offset by the contribution from acquisitions and development transfers.

### Three and Six Months

Same-Asset NOI, Cash Basis for the industrial segment increased by 0.2% and 2.9% for the three and six month periods, respectively, primarily due to increased revenue from higher rental rates on renewals, new leasing at market rates, and contractual rent steps.

The increase was partially offset by a bad debt provision reversal in the prior year following the resolution of a tenant dispute. Excluding bad debt expense, Same-Asset NOI, Cash Basis increased 4.2% and 5.1% for the three and six month periods, respectively.

Transactions NOI for the industrial segment increased for the three and six month periods primarily due to the contribution from acquisitions and development transfers, partially offset by the foregone income from dispositions.

### Three and Six Months

Same-Asset NOI, Cash Basis for the mixed-use & residential segment increased by 1.6% and 8.4% for the three and six month periods, respectively, primarily due to higher revenues and lower expenses at certain residential properties. In addition, the increase for the six month period included a property tax incentive recognized in the first quarter of 2025.

Transactions NOI for the mixed-use & residential segment increased for the three and six month periods primarily due to the contribution from residential development transfers.

#### Funds from Operations ("FFO")<sup>(1)</sup>

FFO<sup>(1)</sup> is calculated in accordance with the Real Property Association of Canada's *Funds from Operations & Adjusted Funds from Operations for IFRS* issued in January 2022. From time to time the Trust may enter into transactions that materially impact the calculation of FFO<sup>(1)</sup> and accordingly the impact of these items are excluded from the calculation for management's review purposes. Refer to Section 14.2, "Funds from Operations" for a reconciliation of FFO<sup>(1)</sup> to net (loss) income determined in accordance with GAAP.

#### Three and Six Months

FFO<sup>(1)</sup> increased for the three and six month periods primarily due to an increase in net operating income and lower general and administrative expenses. The increase was partially offset by higher interest expense and lower interest income.

#### Adjusted Funds from Operations ("AFFO")<sup>(1)</sup>

AFFO<sup>(1)</sup> is calculated in accordance with the Real Property Association of Canada's *Funds from Operations & Adjusted Funds from Operations for IFRS* issued in January 2022. From time to time the Trust may enter into transactions that materially impact the calculation of AFFO<sup>(1)</sup> and accordingly the impact of these items are excluded from the calculation for management's review purposes. Refer to Section 14.3, "Adjusted Funds from Operations" for a reconciliation of AFFO<sup>(1)</sup> to net income determined in accordance with GAAP.

#### Three and Six Months

AFFO<sup>(1)</sup> decreased for the three and six months compared to the same prior year period primarily due to the earlier commencement of maintenance capital projects in the current year, partially offset by the increase in FFO<sup>(1)</sup> as noted above. AFFO<sup>(1)</sup> is impacted by the seasonality inherent in the timing of executing capital projects.

## Property Capital and Leasing Expenditures

Choice Properties endeavours to fund operating capital requirements from cash flows from operations.

Property capital expenditures incurred to sustain the existing GLA for investment properties are considered to be operational and are deducted in the calculation of AFFO<sup>(1)</sup> and ACFO<sup>(1)</sup>. During the three and six months ended June 30, 2025, Choice Properties incurred \$12,940 and \$14,332, respectively, of property capital expenditures, which may be recoverable from tenants under the terms of their leases over the useful life of the improvements (June 30, 2024 - \$2,585 and \$7,038, respectively). Recoverable capital improvements may include items such as parking lot resurfacing and roof replacements. These items are recorded as part of investment properties and the recoveries from tenants are recorded as revenue.

Capital expenditures for leasing activities, such as direct leasing costs or leasing commissions, and tenant improvement allowances are considered to be operational and are deducted in the calculation of AFFO<sup>(1)</sup> and ACFO<sup>(1)</sup>. Leasing capital expenditures vary with tenant demand and the balance between new and renewal leasing, as capital expenditures relating to securing new tenants are generally higher than the cost for renewing existing tenants.

- (i) Includes GLA that represents the building area on properties where the Trust has leased the underlying sites to the tenants through ground leases and GLA associated with Choice Properties' residential units.
- (ii) The Exchangeable Units are excluded from the debt ratio calculations. The ratios are non-GAAP financial measures calculated based on the Trust Indentures, as supplemented.

Choice Properties' quarterly results are impacted by acquisition and disposition activity and the development of additional GLA. In addition, net (loss) income is impacted by fluctuations in adjustments to fair value of Exchangeable Units, investment properties, investment in real estate securities, and unit-based compensation, and therefore are often not comparable from quarter to quarter.

## 9. RELATED PARTY TRANSACTIONS

Choice Properties' controlling unitholder is GWL, which, as at June 30, 2025, held either directly or indirectly, a 61.7% effective interest in the Trust through ownership of 50,661,415 Units and all the Exchangeable Units, which are economically equivalent to and exchangeable to Units. Choice Properties' ultimate parent is Wittington, the controlling shareholder of GWL. Galen G. Weston beneficially owns or controls, directly and indirectly, including through Wittington, approximately 59.0% of GWL's outstanding common shares. Galen G. Weston also beneficially owns 1,518,850 of the Trust's Units.

GWL is also the controlling shareholder of Loblaw, with ownership of 52.6% of outstanding common shares as at June 30, 2025 (December 31, 2024 - 52.6%). Therefore, Choice Properties is a related party of Loblaw by virtue of common control.

Loblaw represents approximately 57.5% of Choice Properties' rental revenue on a proportionate share basis<sup>(1)</sup> and 59.8% of its commercial GLA as at June 30, 2025 (December 31, 2024 - 57.4% and 58.9%, respectively).

### Leases

Subsequent to the quarter end, Choice Properties and Loblaw renewed 39 of a tranche of 41 leases expiring in 2026, comprising 2.52 million of 2.62 million square feet, at a weighted average spread of 8.6% and a weighted average extension term of 5.0 years.

### Acquisitions

During the six months ended June 30, 2025, Choice Properties acquired from Loblaw a retail property in Brampton, Ontario for a purchase price of \$33,200 and an industrial distribution centre in Ajax, Ontario for a purchase price of \$182,290.

In each case the purchase price excludes transaction costs. Concurrent with the transactions, the properties were leased back to Loblaw.

### Lease Surrender Revenue

During the three and six months ended June 30, 2025, Choice Properties recognized \$nil and \$nil of lease surrender revenue from Loblaw, respectively (June 30, 2024 - \$401 and \$2,912, respectively).

### Services Agreement

During the six months ended June 30, 2025, GWL provided Choice Properties with corporate, administrative and other support services for an annualized cost of \$4,988 (December 31, 2024 - \$4,988).

### Strategic Alliance Agreement

The Strategic Alliance Agreement creates a series of rights and obligations between Choice Properties and Loblaw intended to establish a preferential and mutually beneficial business and operating relationship. The initial term of the Strategic Alliance Agreement expired on July 5, 2023. Upon expiry of the initial term, the Strategic Alliance Agreement renewed until July 5, 2033 or the date on which GWL and its affiliates own less than 50% of the Trust on a fully diluted basis. The Strategic Alliance Agreement provides Choice Properties with important rights that are expected to meaningfully contribute to the Trust's growth. Subject to certain exceptions, rights include:

- Choice Properties has the right of first offer to purchase any property in Canada that Loblaw seeks to sell;
- Loblaw is generally required to present shopping centre property acquisitions in Canada to Choice Properties to allow the Trust a right of first opportunity to acquire the property itself; and
- Choice Properties has the right to participate in future shopping centre developments involving Loblaw.

Included in certain investment properties acquired from Loblaw is excess land with development potential. In accordance with the Strategic Alliance Agreement, Choice Properties will compensate Loblaw, over time, with intensification payments, as Choice Properties pursues development, intensification or redevelopment of such excess land. The payments to Loblaw are calculated in accordance with a payment grid that takes into account the region, market ranking and type of use for the property.

### Management Agreements

Choice Properties provides Wittington with property management services for certain properties with third-party tenancies and development consulting services on a fee for service basis.

### Site Intensification Payments

Choice Properties compensated Loblaw with intensification payments of \$3,215 in connection with completed gross leasable area for which tenants took possession during the six months ended June 30, 2025 (June 30, 2024 - \$1,242).

### Distributions on Exchangeable Units

GWL, directly or indirectly, holds all of the Exchangeable Units issued by Choice Properties Limited Partnership, a subsidiary of Choice Properties. During the three and six months ended June 30, 2025, distributions declared on the Exchangeable Units totalled \$76,189 and \$151,718, respectively (June 30, 2024 - \$75,199 and \$149,739, respectively).

As at June 30, 2025, Choice Properties had distributions on Exchangeable Units payable to GWL of \$176,785 (December 31, 2024 - \$324,873).

#### **Notes Receivable**

Holders of Exchangeable Units may, in lieu of receiving all or a portion of their distributions, choose to be loaned an amount from Choice Properties Limited Partnership, and to have such distributions made on the first business day following the end of the fiscal year in which such distribution would otherwise have been made. The loans do not bear interest and are due and payable in full on the first business day following the end of the fiscal year during which the loan was made. During the six months ended June 30, 2025, GWL elected to receive distributions from Choice Properties Limited Partnership in the form of loans. As such, non-interest bearing short-term notes totalling \$151,388 were issued to GWL. Non-interest bearing short-term notes totalling \$299,807 with respect to the loans received in the 2024 fiscal year were settled against distributions payable by the Trust to GWL in January 2025.

#### **Trust Unit Distributions**

During the three and six months ended June 30, 2025, Choice Properties declared cash distributions of \$9,752 and \$19,420, respectively, on the Units held by GWL (June 30, 2024 - \$9,626 and \$19,167, respectively). As at June 30, 2025, \$3,251 of Trust Unit distributions declared were payable to GWL (December 31, 2024 - \$3,209).

### **10. INTERNAL CONTROL OVER FINANCIAL REPORTING**

Management is responsible for establishing and maintaining a system of disclosure controls and procedures to provide reasonable assurance that all material information relating to the Trust is gathered and reported to senior management on a timely basis so that appropriate decisions can be made regarding public disclosure.

Management is also responsible for establishing and maintaining adequate internal controls over financial reporting to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial reports for external purposes in accordance with IFRS Accounting Standards.

In designing such controls, it should be recognized that due to inherent limitations, any controls, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives and may not prevent or detect misstatements. Additionally, management is required to use judgment in evaluating controls and procedures.

#### **Changes in Internal Control over Financial Reporting**

There were no changes in Choice Properties' internal controls over financial reporting in the second quarter of 2025 that materially affected or are reasonably likely to materially affect the Trust's internal control over financial reporting.

### **11. ENTERPRISE RISKS AND RISK MANAGEMENT**

A detailed full set of risks applicable to the Choice Properties business are included in the Trust's AIF for the year ended December 31, 2024 and MD&A in the 2024 Annual Report, which are hereby incorporated by reference. The 2024 Annual Report and AIF are available online on [www.sedarplus.ca](http://www.sedarplus.ca). The risks and risk management strategies included in the AIF and Annual Report remain unchanged.

## **12. ENVIRONMENTAL, SOCIAL AND GOVERNANCE ("ESG")**

Environmental, Social and Governance ("ESG") considerations are integrated into the Trust's day-to-day business activities, and are aligned with the Trust's purpose of creating enduring value through places where people thrive. ESG principles are embedded in the Trust's corporate strategy, which prioritizes maintaining a market-leading portfolio, sustaining operational excellence and executing on its development pipeline.

The Board oversees the Trust's ESG program, with the Trust's President and Chief Executive Officer as the executive sponsor.

### **Reporting and Disclosure**

As part of the Trust's continued efforts to enhance communication with its stakeholder community, it publishes an annual ESG Report, which is available on the Trust's website at [www.choicereit.ca](http://www.choicereit.ca). The ESG Report is overseen by the Board and the controls related to the Trust's ESG disclosures are reviewed by the Audit Committee. The Trust also engages a third party to provide limited assurance on the energy, water, waste and GHG emission statements in the ESG Report. The ESG Report is not incorporated by reference in the MD&A.

The Trust has a robust governance framework in place, elements of which are discussed in the Management Proxy Circular, available on the Trust's website at [www.choicereit.ca](http://www.choicereit.ca), including the section titled "Statement of Governance Practices."

### 13. OUTLOOK<sup>(2)</sup>

We are focused on capital preservation, delivering stable and growing cash flows and net asset value appreciation. Our high-quality portfolio is primarily leased to necessity-based tenants and logistics providers, who are less sensitive to economic volatility and therefore provide stability to our overall portfolio. We will continue to advance our development program, with a focus on commercial developments, which provides us with the best opportunity to add high-quality real estate to our portfolio at a reasonable cost and drive net asset value appreciation over time.

We are confident that our business model, stable tenant base, strong balance sheet, and disciplined approach to financial management will continue to benefit us. In 2025, Choice Properties is targeting:

- Stable occupancy across the portfolio, resulting in approximately 2%-3% year-over-year growth in Same-Asset NOI, Cash Basis;
- Annual FFO per unit diluted in a range of \$1.05 to \$1.06, reflecting approximately 2%-3% year-over-year growth; and
- Strong leverage metrics, targeting Adjusted Debt to EBITDAFV below 7.5x.

## 14. NON-GAAP FINANCIAL MEASURES

The financial statements of Choice Properties are prepared in accordance with GAAP. However, in this MD&A, a number of measures are presented that do not have any standardized meaning under GAAP. Such measures and related per-unit amounts therefore should not be construed as alternatives to net income or cash flows from operating activities determined in accordance with GAAP and may not be comparable to similar measures presented by other real estate investment trusts or enterprises. These terms are defined below and are cross referenced, as applicable, to a reconciliation elsewhere in this MD&A to the most comparable GAAP measure. Choice Properties believes these non-GAAP financial measures and ratios provide useful information to both management and investors in measuring the financial performance and financial condition of the Trust for the reasons outlined below.

| Non-GAAP Measure  | Description   | Reconciliation  |
|---|---|---|
| Proportionate Share   | <ul style="list-style-type: none"> <li>Represents financial information adjusted to reflect the Trust's equity accounted joint ventures and financial real estate assets and its share of net income (loss) from equity accounted joint ventures and financial real estate assets on a proportionately consolidated basis at the Trust's ownership percentage of the related investment.</li> <li>Management views this method as relevant in demonstrating the Trust's ability to manage the underlying economics of the related investments, including the financial performance and cash flows and the extent to which the underlying assets are leveraged, which is an important component of risk management.</li> </ul>   | <p>Section 2, "Balance Sheet"</p> <p>Section 7.1, "Net Income and Segment NOI Reconciliation"</p>           |

(i) The timing of the recognition of interest expense and income differs from the cash payment and collection.

(ii) Excludes adjustment to fair value of investment properties for equity accounted joint ventures.

(iii) ACFO is adjusted each quarter for fluctuations in non-cash working capital due to the timing of realty taxes prepaid or payable and prepaid insurance. The payments for these operating expenses tend to have quarterly, seasonal fluctuations that even out on an annual basis. ACFO is also adjusted each quarter to remove fluctuations in non-cash working capital, which are not related to sustainable operating activities.

(iv) ACFO payout ratio is calculated as the cash distributions declared divided by ACFO.

Based on the Real Property Association of Canada’s *Adjusted Cashflow from Operations (ACFO) for IFRS* issued in January 2023, Choice Properties adjusts ACFO for amounts included in the net change in non-cash working capital, a component of cash flows from operating activities, to eliminate fluctuations that are not indicative of sustainable cash available for distribution. The resulting remaining impacts on ACFO from changes in non-cash working capital are calculated below:

**Note 1. Nature and Description of the Trust**

Choice Properties Real Estate Investment Trust (“Choice Properties” or the “Trust”) is an unincorporated, open-ended mutual fund trust governed by the laws of the Province of Ontario and established pursuant to a declaration of trust amended and restated as of April 30, 2021, as may be amended from time to time (the “Declaration of Trust”). Choice Properties, Canada’s premier diversified real estate investment trust, is the owner, manager and developer of a high-quality portfolio of commercial retail, industrial, mixed-use and residential properties across Canada. The principal, registered, and head office of Choice Properties is located at 22 St. Clair Avenue East, Suite 700, Toronto, Ontario, M4T 2S5. Choice Properties’ trust units (“Trust Units” or “Units”) are listed on the Toronto Stock Exchange (“TSX”) and are traded under the symbol “CHP.UN”.

Choice Properties commenced operations on July 5, 2013, when it issued Units and debt for cash pursuant to an initial public offering (the “IPO”) and completed the acquisition of 425 properties from Loblaw Companies Limited and its subsidiaries (“Loblaw”). Pursuant to a reorganization transaction on November 1, 2018, Loblaw spun out its 61.6% effective interest in Choice Properties to George Weston Limited (“GWL”). As at June 30, 2025, GWL held either directly or indirectly, a 61.7% effective interest in Choice Properties. Choice Properties’ ultimate parent is Wittington Investments, Limited (“Wittington”).

The principal subsidiaries of the Trust included in Choice Properties’ unaudited condensed consolidated financial statements are Choice Properties Limited Partnership (the “Partnership”), Choice Properties GP Inc. (the “General Partner”) and CPH Master Limited Partnership (“CPH Master LP”).

**Note 2. Material Accounting Policy Information**

The material accounting policies and critical accounting estimates and judgments as disclosed in the 2024 audited annual consolidated financial statements for Choice Properties have been applied consistently in the preparation of these condensed consolidated financial statements. The condensed consolidated financial statements are presented in Canadian dollars.

**Statement of Compliance**

The condensed consolidated financial statements of Choice Properties are prepared in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board (“IFRS Accounting Standards” or “GAAP”) and International Accounting Standard 34, “Interim Financial Reporting”. These condensed consolidated financial statements should be read in conjunction with the Trust’s audited consolidated financial statements and accompanying notes for the year ended December 31, 2024.

These condensed consolidated financial statements were authorized for issuance by the Board of Trustees (“Board”) for Choice Properties on July 17, 2025.

(i) Development capital included \$3,215 of site intensification payments paid to Loblaw (December 31, 2024 - \$3,872) (Note 20).

(ii) Interest was capitalized to qualifying development projects based on a weighted average interest rate of 4.23% (December 31, 2024 - 4.13%).

(iii) The unrealized fair value changes to income producing properties and properties under development were a gain of \$115,679 and a loss of \$2,506, respectively, for properties owned as at June 30, 2025 (December 31, 2024 - unrealized fair value gain of \$120,005 and loss of \$22,732, respectively).

Included in certain investment properties acquired from Loblaw is excess land with development potential. Choice Properties will compensate Loblaw, over time, with intensification payments determined by a site intensification payment grid as outlined in the Strategic Alliance Agreement (Note 20) should Choice Properties pursue activity resulting in the intensification of such excess land. The fair value of this excess land has been recorded in the condensed consolidated financial statements.

## Notes to the Unaudited Interim Period Condensed Consolidated Financial Statements

### Valuation Methodology and Process

Please refer to the Trust's 2024 audited annual consolidated financial statements for the description of its valuation methodology and process.

### Significant Valuation Assumptions

The following table highlights the significant assumptions used in determining the fair value of the Trust's income producing properties by asset class:

| Total Income Producing Properties  | As at June 30, 2025 |                  | As at December 31, 2024 |                  |

The significant assumptions and inputs used in the valuation techniques to estimate the fair value of income producing properties are classified as Level 3 in the fair value hierarchy as certain inputs for the valuation are not based on observable market data points.

### Independent Appraisals

Properties are typically independently appraised at the time of acquisition. In addition, Choice Properties has engaged independent nationally-recognized valuation firms to appraise its investment properties such that the majority of the portfolio will be independently appraised at least once over a four-year period.

The properties independently appraised each year represent a subset of the property types and geographic distribution of the overall portfolio and includes properties owned within equity accounted joint ventures and properties recognized as financial real estate assets. The aggregate fair value of investment properties independently appraised during each period, in accordance with the Trust's policy, is as follows:

| (\$ thousands except where otherwise indicated) | Six months ended June 30, 2025        |              | Year ended December 31, 2024          |              |
|---|---------------------------------------|--------------|---------------------------------------|--------------|
|   | Number of income producing properties | Fair value   | Number of income producing properties | Fair value   |
|   | 41                                    | \$ 1,417,000 | 79                                    | \$ 3,686,000 |

### Fair Value Sensitivity

The following table summarizes fair value sensitivity for the Trust's income producing properties which are most sensitive to changes in terminal capitalization rates and discount rates:

| Terminal capitalization rate |   |               |                      | Discount rate                  |               |                      |  |

**Mortgages and Loans Receivable**

Mortgages and loans receivable represent amounts advanced under mezzanine loans, joint venture financing, vendor take-back financing and other arrangements. Choice Properties mitigates its risk by diversifying the number of entities and assets to which it loans funds.

The table below summarizes the rate and life of interest-bearing mortgages and loans:

#### Rent receivables

In determining the expected credit losses, the Trust takes into account the payment history and future expectations of likely default events (i.e. tenants asking for rental concessions or stating they will not be making rental payments on the due date) based on actual or expected insolvency filings or company voluntary arrangements and likely deferrals of payments due. These assessments are made on a tenant-by-tenant basis.

The Trust's assessment of expected credit losses is inherently subjective due to the forward-looking nature of the assessments. As a result, the value of the expected credit loss is subject to a degree of uncertainty and is made on the basis of assumptions which may not prove to be accurate.

(i) Unamortized debt placement costs for the credit facility of \$2,213 were included in other assets as at December 31, 2024.

Choice Properties has a \$1,500,000 senior unsecured committed revolving credit facility provided by a syndicate of lenders. During the second quarter of 2025, the Trust extended the maturity date for the credit facility from June 13, 2029 to May 21, 2030.

Under the credit facility, the Trust has the ability to draw funds at variable rates in either Canadian dollars or U.S. dollars. Canadian dollar-denominated borrowings bear interest at either the Canadian bank prime rate plus 0.20% or Canadian Overnight Repo Rate Average (“CORRA”) plus 1.20% and a daily compounded CORRA adjustment of approximately 0.30%, and U.S. dollar-denominated borrowings bear interest at the U.S. prime rate plus 0.30% or Secured Overnight Financing Rate (“SOFR”) plus 1.30%. The pricing is contingent on the credit ratings for Choice Properties from either DBRS remaining at BBB (high) or S&P remaining at BBB+. Concurrently with any U.S. dollar draws, the Trust enters into cross currency swaps to exchange its U.S. dollar borrowings into Canadian dollar borrowings. The Trust applies hedge accounting to the cross currency swaps.

As at June 30, 2025, the Trust had U.S. dollar-denominated borrowings totaling \$145,529, equivalent to \$200,000 Canadian dollars (December 31, 2024 - \$nil) and \$nil (December 31, 2024 - \$nil) in Canadian dollar-denominated borrowings. Concurrent with the draws, the full amount of U.S. dollar-denominated borrowings was exchanged into Canadian dollars. As at June 30, 2025, the credit facility balance was revalued at \$198,820 Canadian dollars.

The credit facility contains certain financial covenants. As at June 30, 2025, the Trust was in compliance with all its financial covenants for the credit facility. The credit facility is subject to an annual commitment fee of 0.24% of the undrawn balance.

## Note 11. Unitholders' Equity

### Trust Units (authorized - unlimited)

Each Trust Unit ("Unit") represents a single vote at any meeting of Unitholders and entitles the Unitholder to receive a pro-rata share of all distributions. With certain restrictions, a Unitholder has the right to require Choice Properties to redeem its Units on demand. Upon receipt of a redemption notice by Choice Properties, all rights to and under the Units tendered for redemption shall be surrendered and the holder thereof shall be entitled to receive a price per unit as determined by a market formula and shall be paid in accordance with the conditions provided for in the Declaration of Trust.

### Exchangeable Units (authorized - unlimited)

Exchangeable Units issued by the Partnership are economically equivalent to Units, receive distributions equal to the distributions paid on the Units and are exchangeable, at the holder's option, to Units. All Exchangeable Units are held, directly or indirectly, by GWL.

The 70,881,226 Exchangeable Units issued on May 4, 2018, in connection with the acquisition of Canadian Real Estate Investment Trust, contain voting and exchange restrictions which will expire based on the following schedule:

| Voting and exchange rights restriction period expiration dates | Number of Exchangeable Units eligible for voting and transfer |
|--|---|
| July 5, 2027   | 22,988,505  |
| July 5, 2028   | 22,988,505  |
| July 5, 2029   | 24,904,216  |

### Special Voting Units

Each Exchangeable Unit is accompanied by one Special Voting Unit which provides the holder thereof with a right to vote on matters respecting the Trust equal to the number of units that may be obtained upon the exchange of the Exchangeable Units for which each Special Voting Unit is attached.

### Normal Course Issuer Bid ("NCIB")

Choice Properties, may, from time to time, purchase Units in accordance with the rules prescribed under applicable stock exchange or regulatory policies. On November 19, 2024, Choice Properties received approval from the TSX to purchase up to 27,566,130 Units during the twelve-month period from November 21, 2024 to November 20, 2025, by way of a NCIB over the facilities of the TSX or through alternative trading systems. Choice Properties intends to file a Notice of Intention to make a NCIB with the TSX upon the expiry of its current NCIB.

### Units Issued under Unit-Based Compensation Arrangements

Units were issued as part of settlements under the Unit Option Plan and grants under the Unit-Settled Restricted Unit Plan, as applicable.

### Units Repurchased for Unit-Based Compensation Arrangements

The Trust acquired Units under its NCIB during the six months ended June 30, 2025 and the year ended December 31, 2024, which were then granted to certain employees in connection with the Unit-Settled Restricted Unit Plan, and are subject to vesting conditions and disposition restrictions.

**Distributions**

Choice Properties' Board retains full discretion with respect to the timing and quantum of distributions and expects to distribute the amount necessary to ensure the Trust will not be liable to pay income taxes under Part I of the *Income Tax Act (Canada)*<sup>(i)</sup>. Accordingly, no provision for current income taxes payable is required, except for amounts incurred for the Trust's Canadian corporate subsidiaries. The taxable income allocated to the Trust and Exchangeable Unitholders may vary in certain taxation years. Over time, such differences, in aggregate, are expected to be minimal.

In the six months ended June 30, 2025, Choice Properties declared cash distributions of \$0.384 per unit or \$277,455 in aggregate (June 30, 2024 - \$0.378 per unit or \$273,779, respectively), including distributions to holders of Exchangeable Units, which are reported as interest expense. Distributions declared to Unitholders of record at the close of business on the last business day of a month are paid on or about the 15th day of the following month.

On February 12, 2025, the Board reviewed and approved an increase of distributions to \$0.77 per unit per annum from the previous rate of \$0.76 per unit per annum (an increase of 1.3%). The increase was effective for Unitholders of record on March 31, 2025.

The holders of Exchangeable Units may elect to defer receipt of all, or a portion of distributions declared by the Partnership until the first date following the end of the fiscal year. If the holder elects to defer, the Partnership will loan the holder the amount equal to the deferred distribution without interest, and the loan will be due and payable in full on the first business day following the end of the fiscal year the loan was advanced.

(i) Choice Properties qualifies as a "mutual fund trust" and a "real estate investment trust" under the Income Tax Act (Canada).

**Base Shelf Prospectus**

On June 20, 2025, Choice Properties renewed a Short Form Base Shelf Prospectus allowing for the issuance of Units and debt securities over a 25-month period.

**Contingent consideration**

On March 30, 2021, the Trust acquired an 85% interest in future industrial development land in Caledon, Ontario, for \$138,000. The purchase price comprised a \$100,000 cash payment and a commitment to pay the remaining \$38,000 balance based on certain milestones being met over the development lifecycle, which represented the then present value of the estimated amount payable. A payment of \$23,100 was made upon reaching the first development milestone in the second quarter of 2022. On January 31, 2025, the outstanding amount was settled against a loan receivable owed by the development partner (Note 7).

**Note 13. Rental Revenue**

(i) Refer to Note 20, Related Party Transactions.

Choice Properties enters into long-term lease contracts with tenants for space in its properties. Initial lease terms are generally between three and ten years for commercial units and longer terms for food store anchors. Leases generally provide for the tenant to pay Choice Properties base rent, with provisions for contractual increases in base rent over the term of the lease, plus operating cost, property tax and insurance recoveries. Many of the leases with Loblaw are for stand-alone retail sites. Loblaw is directly responsible for the operating costs on such sites.

The carrying value of the Trust's assets and liabilities approximated fair value except for long term debt. The fair value of Choice Properties' senior unsecured debentures was calculated using market trading prices for similar instruments, whereas the fair values for the mortgages was calculated by discounting future cash flows using appropriate discount rates. There were no transfers between levels of the fair value hierarchy during the periods.

**Designated Hedging Derivatives**

Designated hedging derivatives consist of interest rate swaps to hedge the interest rate associated with an equivalent amount of variable rate mortgages, and cross currency swaps to hedge foreign exchange associated with the equivalent amount borrowed in USD on the Trust's credit facility (Note 10). As at June 30, 2025, the interest rates associated with the interest rate swaps ranged from 2.8% to 5.0% (December 31, 2024 - 2.8% to 5.0%).

The impact of the hedging instruments on the consolidated balance sheets was as follows:

**Note 18. Segment Information**

Choice Properties operates in three reportable segments: retail, industrial, and mixed-use & residential. The segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (“CODM”), determined to be the senior leadership team, which is comprised of the Chief Executive Officer, the Chief Financial Officer, and Chief Operating Officer of the Trust. The CODM measures and evaluates the performance of the Trust based on net rental income.

The tables below presents net rental income for the six months ended June 30, 2025 and June 30, 2024 in a manner consistent with internal reporting. The accounting policies of the segments presented here are the same as those described in Note 2 of the audited annual consolidated financial statements, except that segment rental revenue and segment property operating costs include the proportionate share of revenue and direct operating costs of joint ventures and financial real estate assets.

**Note 19. Contingencies, Commitments, and Guarantees**

Choice Properties is involved in and potentially subject to various claims by third parties arising from the normal course of conduct of its business including regulatory, property and environmental claims. In addition, Choice Properties is potentially subject to regular audits from federal and provincial tax authorities, and as a result of these audits may receive assessments and reassessments. Although such matters cannot be predicted with certainty, management currently considers Choice Properties' exposure to such claims and litigation, to the extent not covered by Choice Properties' insurance policies or otherwise provided for, not to be material to the condensed consolidated financial statements, but they may have a material impact in future periods.

**a. Legal Proceedings**

Choice Properties is potentially the subject of various legal proceedings and claims that arise in the ordinary course of business. The outcome of all these proceedings and claims is uncertain. Based on information currently available, any proceedings and claims, individually and in the aggregate, are not expected to have a material impact on Choice Properties.

**b. Guarantees**

Choice Properties issues letters of credit to support guarantees related to its investment properties including maintenance and development obligations to municipal authorities. The Trust has aggregate letters of credit with a maximum capacity of \$82,385 at the Trust's ownership interest. As at June 30, 2025, the aggregate gross potential liability related to these letters of credit totalled \$35,604 (December 31, 2024 - \$37,479).

Choice Properties' credit facility and senior unsecured debentures are guaranteed by each of the General Partner, the Partnership and any other person that becomes a subsidiary of Choice Properties (with certain exceptions). In the case of default by the Trust, the indenture trustee will be entitled to seek redress from the guarantors for the guaranteed obligations in the same manner and upon the same terms that it may seek to enforce the obligations of the Trust. These guarantees are intended to eliminate structural subordination, which would otherwise arise as a consequence of Choice Properties' assets being primarily held in various subsidiaries of the Trust.

**c. Commitments**

Choice Properties has entered into contracts for development and property capital projects and has other contractual obligations. The Trust is committed to future payments of approximately \$491,000, of which \$327,000 relates to equity accounted joint ventures, as at June 30, 2025 (December 31, 2024 - \$525,000 and \$366,000, respectively).

**d. Contingent Liabilities**

Generally, the Trust is only liable for its proportionate share of the obligations of the co-ownerships and equity accounted joint ventures in which it participates, except in limited circumstances. Credit risk arises in the event that the partners default on the payment of their proportionate share of such obligations. The Trust has exposure to its partners' share of mortgage debt obligations within its equity accounted joint ventures in the amount of \$428,325 as at June 30, 2025 (December 31, 2024 - \$422,876). This credit risk is mitigated as the Trust generally has recourse under its co-ownership agreements and joint venture arrangements in the event of default of its partners, in which case the Trust's claim would be against both the underlying real estate investments and the partners that are in default. Management believes that the assets of its co-ownerships and equity accounted joint ventures are sufficient for the purpose of satisfying any obligation of the Trust should the Trust's partner default.

**Note 20. Related Party Transactions**

Choice Properties' controlling unitholder is GWL, which, as at June 30, 2025, held either directly or indirectly, a 61.7% effective interest in the Trust through ownership of 50,661,415 Units and all the Exchangeable Units, which are economically equivalent to and exchangeable to Units. Galen G. Weston beneficially owns or controls, directly and indirectly, including through Wittington, approximately 59.0% of GWL's outstanding common shares. Galen G. Weston also beneficially owns 1,518,850 of the Trust's Units.

GWL is also the controlling shareholder of Loblaw, with ownership of 52.6% of outstanding common shares as at June 30, 2025 (December 31, 2024 - 52.6%). Therefore, Choice Properties is a related party of Loblaw by virtue of common control.

**Transactions and Agreements with GWL**

**Services Agreement**

During the six months ended June 30, 2025, GWL provided Choice Properties with corporate, administrative and other support services for an annualized cost of \$4,988 (December 31, 2024 - \$4,988).

**Distributions on Exchangeable Units**

GWL, directly or indirectly, holds all of the Exchangeable Units issued by Choice Properties Limited Partnership, a subsidiary of Choice Properties. During the three and six months ended June 30, 2025, distributions declared on the Exchangeable Units totalled \$76,189 and \$151,718, respectively (June 30, 2024 - \$75,199 and \$149,739, respectively).

As at June 30, 2025, Choice Properties had distributions on Exchangeable Units payable to GWL of \$176,785 (December 31, 2024 - \$324,873). The payable to GWL includes deferred distributions of \$151,388 to be paid on the first business day of the 2026 fiscal year (December 31, 2024 - \$299,807).

**Notes Receivable**

Holders of Exchangeable Units may, in lieu of receiving all or a portion of their distributions, choose to be loaned an amount from Choice Properties Limited Partnership, and to have such distributions made on the first business day following the end of the fiscal year in which such distribution would otherwise have been made. The loans do not bear interest and are due and payable in full on the first business day following the end of the fiscal year during which the loan was made. During the six months ended June 30, 2025, GWL elected to receive distributions from Choice Properties Limited Partnership in the form of loans. As such, non-interest bearing short-term notes totalling \$151,388 were issued to GWL. Non-interest bearing short-term notes totalling \$299,807 with respect to the loans received in the 2024 fiscal year were settled against distributions payable by the Trust to GWL in January 2025.

**Trust Unit Distributions**

During the three and six months ended June 30, 2025, Choice Properties declared cash distributions of \$9,752 and \$19,420, respectively, on the Units held by GWL (June 30, 2024 - \$9,626 and \$19,167, respectively). As at June 30, 2025, \$3,251 of Trust Unit distributions declared were payable to GWL (December 31, 2024 - \$3,209).

**Transaction Summary as Reflected in the Consolidated Financial Statements**

Transactions with GWL recorded in the consolidated statements of operations and comprehensive (loss) income were comprised as follows:

### Transactions and Agreements with Loblaw

#### Acquisitions

During the six months ended June 30, 2025, Choice Properties acquired from Loblaw a retail property in Brampton, Ontario for a purchase price of \$33,200 and an industrial distribution centre in Ajax, Ontario for a purchase price of \$182,290.

In each case the purchase price excludes transaction costs. Concurrent with the transactions, the properties were leased back to Loblaw.

#### Strategic Alliance Agreement

The Strategic Alliance Agreement creates a series of rights and obligations between Choice Properties and Loblaw intended to establish a preferential and mutually beneficial business and operating relationship. The initial term of the Strategic Alliance Agreement expired on July 5, 2023. Upon expiry of the initial term, the Strategic Alliance Agreement renewed until July 5, 2033 or the date on which GWL and its affiliates own less than 50% of the Trust on a fully diluted basis. The Strategic Alliance Agreement provides Choice Properties with important rights that are expected to meaningfully contribute to the Trust's growth. Subject to certain exceptions, rights include:

- Choice Properties has the right of first offer to purchase any property in Canada that Loblaw seeks to sell;
- Loblaw is generally required to present shopping centre property acquisitions in Canada to Choice Properties to allow the Trust a right of first opportunity to acquire the property itself; and
- Choice Properties has the right to participate in future shopping centre developments involving Loblaw.

Included in certain investment properties acquired from Loblaw is excess land with development potential. In accordance with the Strategic Alliance Agreement, Choice Properties will compensate Loblaw, over time, with intensification payments, as Choice Properties pursues development, intensification or redevelopment of such excess land. The payments to Loblaw are calculated in accordance with a payment grid that takes into account the region, market ranking and type of use for the property.

#### Leases

Subsequent to the quarter end, Choice and Loblaw renewed 39 of a tranche of 41 leases expiring in 2026.

#### Lease Surrender Revenue

During the six months ended June 30, 2025, Choice Properties recognized \$nil of lease surrender revenue from Loblaw (June 30, 2024 - \$2,912).

#### Site Intensification Payments
